- 3) Transfer salary expenses of \$18,220 from Summer School Revolving Fund (3105SE28-510151) to Supervision Account (311031-510151).
- 4) Transfer \$248,571 from the Health Insurance Reserve Account (334099-558097) to the Kindergarten Aides Account (331510-510156) to offset the impact of the elimination of the

Quality Full-Day Kindergarten Enhancement Grant from the Department of Elementary and Secondary Education (DESE).

<u>Personnel</u>: Salaries and Wages are shown by bargaining group to highlight in summary the cost and FTE changes for the FY 2017 budget (Table 1). The first quarter report details all projected personnel costs associated with time worked between July 1, 2016 and June 30, 2017. This time frame begins with summer programs and professional development activities through the end of the school year.

As a result of collective bargaining agreements not being settled, this projection assumes an expense for the future settlement. The district entered into mediation for Units A, B and the Paraprofessional Units, and has started negotiations for Custodians, Food Service and Secretaries.

Deficits above \$10,000 - Summary

<u>Transportation:</u> The Transportation budget is currently over budget by \$(99,564). The Regular Education Transportation Budget is projected to be over budget by \$(7,200). The Special Education Transportation budget is projected to be overexpended by \$(92,365). The majority of expenses that are driving this overage is from an increase in the Extended School Year (ESY) costs of more than \$50K. This projection changes regularly as students placements change.

FY17 First Quarter Revolving Fund Report

This section of the First Quarter Final Report goes into greater detail for the Public Schools of Brookline's revolving funds. These funds were created under Massachusetts General Laws Ch. 41, Sec. 52 and 56 to administer programs that have a specific source of revenue from fees and charges to pay expenses in rendering the service for which those payments are made.

Brookline Adult and Community Education – SE22

The Brookline Adult and Community Education is one of the oldest non-cred, public education programs in Massachusetts. Adult education has been a part of the Brookline community since 1832, beginning with the formation of the Brookline Lyceum Society. It is now one of the largest public programs in the state, with close to 800 courses and over 5,000 enrollments yearly. Today, BA&CE is the hub of an educational network serving students from more than 50 neighboring communities in the greater Boston area and beyond. A self-supporting program of the Brookline public schools, BA&CE's operating budget is funded entirely from course fees.

For the first quarter of FY17, the program shows revenues of \$695,894 against program operational expenses of \$395,384. Much of this revenue (\$401K) is from the realization of deferred revenue for courses that began after July 1, 2016. Future reports will show revenues and expenditures by term (Summer, Fall, Winter and Spring) in order to present a more detailed performance measure.

<u>Use of School Buildings – SE23</u>

The Use of School Buildings fund reflects the expenses incurred to prepare and operate buildings throughout the year for events held after school and on weekends offset by revenues from the lease of school buildings. In FY17, it supplements the General Fund at \$225,000.

The FY17 first quarter report has revenues of \$85,750 against expenses of \$33,935. It will be important to monitor this account carefully to ensure that the \$225,000 set aside to supplement the General Fund budget are raised, and that all appropriate rental fees are collected.

Non-Resident Tuition - SE52

This fund traditionally supplements the General Fund through foreign exchange tuition payments, which is set in FY17 at \$18,546, and through the staff materials fee set at \$2,721. These fees supplement the General Fund by \$675,744. In FY17, there are currently 182 materials fee students and 1 international student. Materials Fees are deducted through the payroll system throughout the year, so the revenue will continue to be collected through June 30, 2017.

School Athletics – SE26

This fund contains the student athletic fee which supplements the operating budget of the athletics program.

The program continues to struggle with a balanced budget, showing a shortfall of \$120K in FY16. Most fees are not accrued during the summer, so a more accurate financial projection, including participation and the revenues collected by sport, will be detailed in the 2^{nd} Quarter Report.

<u>Summer School – SE28</u>

The Summer School Program at Brookline High School provides both required and enrichment based courses. Historically, the program operated at a loss which fluctuated between \$30-\$46K annually. This necessitated a supplement from the General Fund budgeted at \$30K.

The Summer School Supplement line item was eliminated in the FY15 budget. Better management, including bringing the student registration and electronic payment mechanism online helped improve revenue collection. Additionally, reviewing class offerings for enrollment and the ability to run without need of a supplement helped lower expenses, while continuing to provide those required classes students needed to graduate on time.

For this summer, the program shows a deficit of \$18K, primarily related to the collection of school tuitions in arrears.

Early Childhood - SE20

The Brookline Early Education Program (BEEP) operated by the Public Schools of Brookline is a fee for service model. These programs are subsidized by the General Fund for both Special Education and collective bargaining costs and supplemented by external grants — primarily the several grants distributed by the Massachusetts Department of Elementary and Secondary Education.

For FY16, the program raised tuition rates in order to continue to offset increased costs related to decreasing federal and state aid for Early Childhood programming, increased demand for Special Education services and an increase in scholarship applications. Additionally, many programs have been

relocated from on-site Elementary School locations at Baker, Lincoln and Pierce over the past several years to rental space. The costs associated with relocation are funded by the CIP in FY16 and beyond.

The fund balance in this account reflects the annual General Fund support from Special Education and Kindergarten accounts that supplement costs associated with those populations, but is subject to ever diminishing space issues.

The fund has an available balance of \$223K as it begins the 2016-2017 school year.

Food Service - SE25

The Food Service Program aims to provide healthy, tasty, high-quality affordable meals to the students and staff of the Brookline Public Schools.

The fund balance remaining in the Food Services account stands at \$112K entering the 2016-2017 school year, but will continue to support the General Fund through a \$200,000 transfer that will be requested in the 3rd Quarter.

Circuit Breaker - SEB3

FY17 is the fourteenth year of "Circuit Breaker" funding. These funds are received by the department from the state as partial funding for high cost Special Education students. Circuit Breaker funds are carried in a special revenue fund.

Prior to FY04, the Massachusetts Department of Education paid Residential Schools directly for approximately 50% of the cost of Residential student's tuition. The Circuit Breaker language requires school departments to pay the entire cost for Residential students and has created a funding formula for distributing funds to school systems based upon a restructured formula for all "high cost" students. This formula allows school systems to receive supplementary funding for any student whose total educational cost exceeds \$43,094 in FY17.

FY17 Grants Overview

Amy Martin, Senior Director for Programs, presented an Overview of Grants FY 2016-FY 2017 (Attachment A) and a summary of Grant Awards FY 2011-FY 2017 (Attachment B). The projected Grant total for FY 2017 is \$5,499,786, which represents a decrease of \$53,356 from FY 2016. The Quality Full Day Kindergarten was cut in June. We had anticipated funding of \$232,390. The difference has come from the General Fund. We did not get a Chapter 70 increase to make up for the elimination of the Quality Full Day Kindergarten grant. Other grants were discontinued, but the amounts were small. We did not receive the Title III Immigrant Grant and the Title III LEP (Language Instruction for Limited English Proficient) Summer Grant in FY 2016, but anticipate getting \$59,925 and \$3,300, respectively, in FY 2017. Ms. Martin will check the impact of reduced out-of-district placements on our grant funding. The Enhanced School Health Services grant has been under the threat of elimination for several years. The program is being reorganized and we do not know how that will impact our funding. Ms. Martin explained how Title I funds get distributed in the district.

On a motion of Ms. Charlupski and seconded by Mr. Chang, the Finance Subcommittee voted unanimously to recommend that the School Committee vote to accept the FY 2017 Grants, contingent upon Department of Elementary and Secondary Education and Department of Early Education and Care approval.
