1. Admissions

a. School Admissions (Voted 6/19/78, #78-309, 10, 11; 6/4/79, #79-191; 10/6/81, #81-462; 6/21/83, #83-260; 6/6/85 #85-226; 4/27/89, #89-197; 6/16/05, #05-81; 6/6/13, #13-46, 1/30/14, #14-8; 6/5/14, #14-46; 12/3/15, #15-81; 11/10/21, #21-96)

Pursuant to MGL Chapter 76, sec. 5, the School Committee recognizes the right of all otherwise eligible persons actually residing in the Town of Brookline to be able to attend the Public Schools of Brookline (“PSB”), subject to the following policy and any relevant federal, state or local laws.

I. Residency

In order to attend the PSB, a student must actually reside in the Town of Brookline, unless one of the exceptions (set forth in Part VI, below) applies.

“Residence” is the primary place where a person dwells permanently, not temporarily, and with the intent to remain, and is the place that is the center of his or her domestic, social, and civic life. Minors are generally presumed to reside with their parents or guardians. Temporary residence in the Town of Brookline, solely for the purpose of attending the PSB, shall not be considered residency. Unless as otherwise stated in Section VI, below, a student shall not be allowed to attend the PSB unless the student is actually residing in the Town of Brookline. It is presumed that if a student is residing here for four weeks or less during the school year, the student does not meet resident eligibility requirements.

In determining and reconfirming residency, the PSB reserves its right to request a variety of documentation and to investigate where a student or applicant for enrollment actually resides on an ongoing basis. Also, the PSB may act upon anonymous tips it receives to conduct a residency verification investigation.

Unless one or more of the exceptions set forth in Section VI applies, a determination that a student does not actually reside in the Town of Brookline renders the student ineligible to enroll in the Public Schools of Brookline or, if the student is already enrolled in the Public Schools of Brookline, shall result in the immediate termination of such enrollment. A parent, legal guardian, or student who has reached the age of majority (18), who is aggrieved by an adverse determination of residency has the right to an appeal hearing with the Superintendent of Schools or designee, whose decision shall be final.

II. Verification of Residency

a. Initial Enrollment. Upon initial enrollment in the PSB, the enrolling student’s parent or legal guardian must provide the district with a signed Affidavit of Residency, along with satisfactory proof of residency in the Town of Brookline. Upon initial enrollment, proof of residency shall include three or more records as designated by the Office of Registration and Enrollment at time of enrollment.

b. Continued Enrollment. A student's parent or guardian shall verify the home address and home telephone number of each student and provide an updated signed Affidavit of Residency at least once during each school year. Any irregularities identified by the Head of School and Principals, or their designee, shall be reported promptly to the Office of Registration and Enrollment. Parents are required to notify the school of any changes to their residential address or the address of the student within five calendar days of the change. All enrolled PSB students' parents or legal guardians shall provide an updated proof of residency upon request to demonstrate continued enrollment eligibility. Updated documented proof shall be required of all students multiple times throughout their academic career enrolled in PSB.

III. Enforcement

Should a question arise concerning any student's residency in the Town of Brookline while attending the PSB, the student's residency will be subject to further inquiry and/or investigation. Such questions concerning residency may arise on the basis of incomplete, suspicious, or contradictory proofs of address, anonymous tips, correspondence that is returned to the Public Schools of Brookline because of an invalid or unknown address, or other grounds.

The Office of Registration and Enrollment may request additional documentation, may use the assistance of the Public Schools of Brookline Attendance Officer, and/or may obtain the services of police or investigative agency personnel to assist with or conduct investigations into student residency. The Attendance Officer and/or residency investigator(s) will report his or her findings to the Office of Registration and Enrollment, who shall make an initial determination of residency.

Upon an initial determination by the Office of Registration and Enrollment that a student is not actually residing in the Town of Brookline, the student's enrollment in the Public Schools of Brookline shall be terminated.

IV. Appeals

The student's parent or legal guardian may appeal a determination as outlined above. If the student has reached the age of majority (18) he or she may appeal the decision. The student may remain in school pending such appeal.

V. Penalties

In addition to termination of enrollment and the imposition of other penalties permitted by law, the Public Schools of Brookline reserves the right to recover restitution based upon the costs of educational services provided during the period of non-residency.

VI. Exceptions

1. The Residency Requirements Shall Not Apply to the Following:

- a. Students enrolled in the Brookline METCO Program;
- b. Students enrolled in the High School under special programs approved by the School Committee, such as educational exchange programs;
- c. Tuition paying students, as permitted by law, unless tuition is waived under Section V(2) below;
- d. Children of non-resident employees of the Town of Brookline, who meet the conditions established from time to time by the School Committee in the policy pertaining to such students;
- e. Students who are entitled to attend the Public Schools of Brookline under the McKinney-Vento Homeless Assistance Act.
- f. Students already enrolled in the Public Schools of Brookline who move out on or after April 1st of a given school year, or in the case of 8th graders and Brookline High School seniors who move out on or after Oct 1st of a given school year, may complete that year on a tuition basis, unless tuition is waived.

2. Extraordinary Circumstances: Residency Requirement Waivers and Tuition Waivers

At the discretion of the Superintendent or his/her designee, residency requirements and/or tuition may be waived as follows:

- a. Students in their senior class at Brookline High School who move from Brookline on or after October 1 of their senior year, and who resided in Brookline during the entire previous school year.
- b. Students who move to or from Brookline temporarily because of the severe or chronic illness of the student or immediate family member; the death of an immediate family member; disaster to the residence; or other circumstances having a significant impact upon the student.

3. Dwelling Units that are Intersected by the Town Line: (Voted 1/30/14, #14-8)

For the purposes of determining eligibility to attend the Public Schools of Brookline (PSB) on the basis of residency, a PSB-eligible residence shall be any dwelling unit, as distinguished from a plot of land or a multi-unit building, on which a minimum of 25% of the dwelling unit is assessed by the Town of Brookline, based on gross building area provided that some/any portion of that 25% is finished living area, as defined by the Brookline Town Assessor.

If a dwelling unit is intersected to whatever degree by the Town Boundary line and assessed on less than 25% of the dwelling unit, based on gross building area and finished living area as

described above, that dwelling does not constitute a residence in the PSB district, and students who reside in that dwelling unit shall not be eligible for enrollment in the Public Schools of Brookline.

Determination of gross building area and finished living area shall be that provided by the Brookline Town Assessor. In the case of properties under construction and/or not yet assessed, the PSB Administration may rely on estimates from other relevant Town departments.

a. Exceptions. Students and/or dwelling units shall be grandfathered as PSB-eligible if eligible under either of the following exceptions.

i. Dwelling Units in Intersected Multi-family Buildings Prior to the Adoption of this Policy:

In the case of an occupied dwelling unit located in a multi-family building intersected by the Town Boundary Line and previously allowed under this policy to be PSB-eligible, children of families residing in that dwelling unit as of the date of adoption of this policy may enroll and/or remain in the PSB until such time as they no longer reside in that dwelling unit.

ii. Intersected Single Family Dwelling Units Purchased as PSB-eligible Prior to the Adoption of this Policy

In the case of single family dwelling units intersected to whatever degree by the Town Boundary Line and purchased as PSB-eligible prior to the adoption of this policy, any children of families who reside now or in the future in those dwelling units will be eligible for the Public Schools of Brookline on the basis of residency, with the following caveat.

Should a dwelling unit that would otherwise be exempt under this Section (a) (ii) be altered to increase the number of dwelling units contained in or attached to the physical space containing a dwelling unit (such as through the conversion of a single family dwelling into an attached two-family, or into multiple condominium dwelling units), the exemption under this section shall no longer apply to the dwelling unit.

In addition, any additional dwelling unit(s) added onto an exempt dwelling unit or added onto the property at the same address (for example, such as through the addition of town houses onto a single family home, or the conversion of a carriage house into a dwelling unit) shall not be exempt under this Section(a)(ii).

b. Proof of Residency for Intersected Multi-Family Dwellings

Parents/guardians residing in a multi-family building intersected to whatever degree by the Town line and seeking to enroll a child in the Public Schools of Brookline shall be required to provide proof of residency, in accordance with Section J1a.II above, that identifies the particular dwelling unit in which they reside.

c. Right of Appeal

If a determination of PSB eligibility under this policy is contested, appeal for review may be made to the Office of the Superintendent of Schools, whose decision regarding enrollment of the student(s) in question shall be final. Enrollment of an individual student under this appeal provision shall be specific to the student and shall not be construed as establishing PSB residency eligibility for the dwelling in question.

d. Notice of Policy Concerning Intersected Properties

The PSB shall maintain and make publicly available a current list of intersected properties that are considered eligible for PSB enrollment.

VII. Notification

The PSB's residency requirements, verification procedures, and consequences of falsifying or misrepresenting residency will be published in the Brookline School Committee Policy Manual, posted on the Public Schools of Brookline website, and published in each school handbook.

b. Admission of METCO Students

The Superintendent of Schools is authorized to admit new students from the METCO (Metropolitan Council for Educational Opportunity) program from Pre-K through Grade 4, subject to the School Committee's guidelines for class size and subject to the availability of funds for the METCO program from the Massachusetts Department of Education. Students who have participated in the METCO program in Grades Pre-K-Grade 4 in other METCO communities may be admitted to the Brookline program, subject to the approval of the Superintendent of Schools. The guideline for Brookline's total METCO enrollment shall be 300; however, this ceiling shall be kept flexible.

**(Revised from Admissions Policy, Section J, voted 6/19/78, #78-309, 10, 11, and amended 6/4/79, #79-191; 10/6/81, #81-462; 6/21/83, #83-260; 6/6/85 #85-226; and 4/27/89, # 89-197)
Adopted by the Brookline School Committee: 6/2/05, #05-75**

c. Admission of Children of Non-Resident Employees of the Town of Brookline

All new non-resident students will be admitted, with the permission of the Superintendent of Schools, on a space available basis and will be charged full tuition as has been established by the School Committee, except under the following circumstances when part or all of the tuition may be waived:

- a. Students enrolled in the METCO program.
- b. Children of employees of the Town of Brookline who live in the Boston part of Larz Anderson.

 - 3.) Second priority shall be given to non-resident teachers in cases of limited space.
 - 4.) All staffing shall be done on the basis of tuition paying or resident students.
 - 5.) At Brookline High School, the decision as to whether space is available or not is at the discretion of the Superintendent of Schools, rather than on a class-by-class basis.
 - 6.) The cost of special education services connected to Chapter 766 and any other Massachusetts or federal statute will have to be borne by the employee's town or city of residence, or by the individual.
 - 7.) Children will be allowed to attend those schools where space is available. However, the Superintendent of Schools reserves the right to make the necessary changes in any school or individual grade.

(From Admissions Policy, Section J, voted 6/19/78, #78-309, 10, 11, and amended 6/4/79, #79-191; 10/6/81, #81-462; 6/21/83, #83-260; 6/6/85 #85-226; and 4/27/89, # 89-197)

\$300, plus non-resident tuition. A \$500 deposit, to be credited to the tuition total, will also be required. Grandfathering will not be allowed. The following conditions also apply:

1. Students will be admitted annually on a space available basis.
2. The School Department reserves the right to deny or terminate any contract if the needs of the student exceed those typically experienced by Brookline students.
3. The student must be under 18 years of age.
4. An adult resident of Brookline with whom the student is to reside must publicly agree to accept responsibility for the supervision of the students.
5. The School Department reserves the right to terminate the contract at any time the terms are not met. Such terms should include the availability of appropriate adult supervision, meeting financial obligations in a timely manner, the absence of engagement in illegal activities, or not making adequate academic progress in the Brookline Schools.
6. Procedurally, when a request for an I-20 is received, basic information about the potential student should be solicited from the applicant. A tentative determination of available space should be made. If space appears to be available, a contract stating the initial cost of school attendance will be prepared. The contract should include information regarding its length and the terms under which it will stay in force. It should also include information about the adult responsible for providing supervision in Brookline. The I-20 should not be completed until the signed contract has been returned. Student registration forms should be modified to request information regarding the country of citizenship of each student to be registered in a Brookline school. If the student is not a citizen of the U.S. , the nature of the visa under which the student was admitted should be solicited. This information should be collected to ensure that students who have entered the country on I-20's approved by other school systems do not seek admission in Brookline on a tuition free basis.

J 1 d. Homeless Students: Enrollment Rights and Services

(Voted 7/27/20, #20-93)

I. Preamble

A. As required by law, the Public Schools of Brookline (PSB) will work with homeless children as well as their families or legal guardian(s) to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of current PSB students and homeless students in Brookline not attending school.

II. Definitions

A. Homeless students are defined as students lacking a fixed, regular and adequate nighttime residence, including:

1. Sharing the housing of other persons due to loss of housing, economic hardship, or similar reason;
2. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
3. Living in emergency or transitional shelters;
4. Being abandoned in hospitals;
5. Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for people;
6. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or other similar settings;
7. Living in temporary housing provided by the Massachusetts Department of Transitional Assistance or other government agencies or charity organizations;
8. Migratory children who qualify as homeless because they are living in conditions described in the previous examples.

III. Services

A. Homeless students attending the PSB will be provided district services for which other PSB students are generally eligible, including pre-school programs, Title I, special education, and bilingual education. Homeless students attending the PSB will be eligible for vocational and technical education, gifted and talented programs, wraparound service programs, school nutrition programs, summer programs, after school programs, athletics programs, music, visual arts and performing arts programs, and other extracurricular activities.

B. The Superintendent shall designate an appropriate staff person to be the district's liaison for homeless students and their families. The PSB homeless education liaison shall coordinate with local social service agencies that provide services to homeless children and youths and their families, other school districts on issues of transportation and records transfers, and state and local housing agencies responsible for comprehensive housing affordability strategies. This coordination includes providing public notice of the educational rights of homeless students. The district's liaison will also review and recommend amendments to district policies that may act as barriers to the enrollment of homeless students. The liaison shall ensure district staff receive professional development and other support on issues involving homeless students.

IV. Enrollment

A. All homeless students temporarily housed in Brookline shall be entitled to attend the PSB. Notwithstanding the foregoing, it is presumed to be in the best interest of homeless students to remain in their schools of origin, i.e., the school that the student was attending at the time homelessness commenced, or the last school the student attended prior to becoming homeless, except when doing so is contrary to the request of the student's parent or guardian. When determining a student's best interest, the district must consider student-centered factors, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youths. At its discretion, the district may periodically review the student's best interest.

B. Homeless students temporarily housed in Brookline but whose school of origin is outside of the PSB may continue to attend their school of origin for as long as they remain temporarily housed in Brookline. Upon leaving Brookline, these students shall coordinate enrollment options with the new district in which they are temporarily housed.

C. Homeless students temporarily housed outside of Brookline but whose school of origin at the time they become homeless is within the PSB may continue in the PSB for as long as they remain homeless.

D. Homeless students enrolled in the PSB who move outside of Brookline or cease to be homeless outside of Brookline may remain in the PSB until the end of their school's current academic reporting period, except that:

- (i) Homeless students in the final grade level at a school in the PSB may remain within the PSB until the end of the school year.

E. For homeless students who completed or complete the final grade level served by the school of origin, and remain homeless in Brookline or were enrolled in the PSB at the time they became homeless, the term "school of origin" shall also include the receiving school in the same school district educating students at the next grade level.

F. Homeless students are entitled to transportation comparable to that provided for all other students attending school in the district. The PSB shall help coordinate transportation for eligible students who are sheltered or temporarily residing within Brookline to the students' school of origin, in accordance with state and federal law. For homeless students residing outside of Brookline for whom the school of origin is within Brookline, the PSB shall similarly coordinate with the district in which the student is sheltered or temporarily residing to provide the transportation services necessary, in accordance with state and federal law.

V. Students Enrolling in District Where Sheltered or Temporarily Residing

A. Parent(s) or legal guardian(s) may elect to enroll homeless students in the school district in which the student is sheltered or temporarily residing, rather than having the student remain in the school of origin.

B. Homeless students are encouraged to provide written proof of their shelter or temporary residence. If they are unable to do so the homeless education liaison will work with the family seeking enrollment to determine homelessness.

VI. Records

A. Information about the homeless student's living arrangements shall be considered a student education record, and not directory information. Records containing information about the homeless student's living arrangement may not be disclosed without the consent of the parent or legal guardian, absent a state or federal student-privacy related exemption.

B. If the student cannot provide immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible.

VII. Contact Information

A. Emergency contact information is required at the time of enrollment consistent with PSB policies, including compliance with the state's address confidentiality program where necessary.

B. After enrollment, the PSB will immediately request available records from any school(s) attended by the homeless student within the last two calendar years.

VIII. Dispute Resolution

A. If the PSB disagrees with a parent or legal guardian's determination of a homeless student's best interests for school district placement, the PSB will explain to the parent(s) or legal guardian(s), in writing and in a language the parent can understand, the rationale for its determination and provide the parent(s) or legal guardian(s) with written notice of their rights to appeal the PSB's determination to the Massachusetts Department of Elementary and Secondary Education (DESE).

B. During the pendency of an appeal to DESE, the student may remain enrolled at whichever school the student attended during the filing of the appeal. Pending appeal, the student may receive transportation to that school, consistent with state and federal law.

J 1 e. Educational Opportunities for Children in Foster Care (Voted 7/27/20, #20-94)

I. Preamble

A. The purpose of this policy is to ensure the educational stability of students in foster care. Educational stability has a lasting impact on students' academic achievement and wellbeing, and the Public Schools of Brookline (PSB) are committed to supporting all efforts to ensure that students in foster care have access to high-quality, stable educational experiences from pre-school through high school graduation.

II. School Placement

A. Whenever a student changes placement (i.e., enters foster care or moves to another foster placement), a Best Interest Determination (BID) must occur. Irrespective of the location of a foster care placement, students in foster care shall continue to attend their school of origin or school of last enrollment, unless after a collaborative Best Interest Determination (as hereinafter defined), it is stated, in writing, to be in the student's best interest to enroll in and attend school in the district in which the student resides in foster care.

B. The superintendent shall designate a point of contact (POC) for students in foster care. The responsibilities of the POC include participating in the process for making best interest determinations, ensuring school enrollment and attendance of students in foster care, providing timely transfer of records, developing and implementing procedures for providing and coordinating cost-effective transportation, as needed; and facilitating professional development for district staff to promote educational stability for students in foster care. The PSB and the POC will collaborate with the Department of Children and Families (DCF) to ensure that students are enrolled in and regularly attending school, enjoy full and equal opportunities to succeed in school and meet the same state academic standards as other students, as well as receive other services for which they are eligible.

III. Best Interest Determination

A. Decisions about whether a student in foster care should continue to attend the school of origin (a "Best Interest Determination") should be made promptly and collaboratively by DCF, the school and district of origin, the district in which the student resides in foster care, the education guardian ad litem (GAL) surrogate if one has been appointed, the court appointed special advocate (CASA) if one has been appointed, and as situationally appropriate, the student, the student's family, and the foster family. The PSB shall make an effort to also include appropriate individuals with specific knowledge of the student's needs, such as doctors, therapists, mentors, tutors, extracurricular program instructors, and other service providers.

B. Best Interest Determinations should focus on the needs of each individual student. Factors to be considered should include: (1) the student's age and grade level, (2) the student's preference (when age appropriate), (3) the time in the academic year, (4) academic performance, (5) current educational goals and services, (6) the Individualized Education Plan (IEP), if applicable, (7) individual skills, needs, and social connections, (8) ability to maintain family relationships and

engagement, (9) clinical and behavioral considerations, (10) safety issues, (11) distance to school, (12) length of the school day, (13) number of school changes and foster placements to date, (14) anticipated length of time in placement, and (15) DCF's goal for the child (e.g. reunification, third party custody, guardianship, adoption, etc.). Additionally, the parties involved in the decision may wish to determine a time to revisit the question of whether it is in the student's best interest to remain in the school of origin or enroll locally.

C. Every effort should be made to reach agreement regarding the appropriate school placement of a student in foster care. However, if there is disagreement regarding school placement for a student in foster care, then DCF, as legal custodian, will finalize the Best Interest Determination if the relevant parties cannot agree on the best school for the student to attend.

D. All Best Interest Determinations shall be made in writing. The PSB shall ensure that copies of the Best Interest Determination will be provided to the POC of the school of origin or district in which the student resides (as applicable), the Department of Children and Families (DCF), and the student (if 18 or older) within three business days of completion. Upon written request, the PSB shall also provide copies of the Best Interest Determination to the student's attorney, the education GAL surrogate, and the CASA within three business days.

- (i) Attorneys representing students must provide a certified copy of the applicable court docket confirming their appointment to represent the child, an active Massachusetts Attorney Bar card, and an active state or national photo identification card prior to receipt of any communications regarding the student.
- (ii) Education GAL surrogates and CASAs must provide a certified copy of their court appointment, active professional licensure, and active state or national photo identification card prior to receipt of any communications regarding the student.

E. The PSB can seek review of DCF's decision by utilizing a Foster Care School Selection Dispute Resolution Process established by the Department of Elementary and Secondary Education (DESE) and DCF. Decisions made through this process are not subject to review. To the extent feasible and appropriate in accordance with state and federal law, the PSB will ensure that a child remains at the school of last attendance while the disputes are being resolved to minimize disruptions and reduce the number of moves between schools.

IV. Transportation

A. Foster care students are entitled to transportation comparable to that provided for all other students attending school in the district. The PSB shall collaborate with DCF and the relevant outside district on how transportation will be arranged and provided to ensure that students in foster care who are eligible for transportation to remain in their school of origin or school of last enrollment will receive such transportation while they are in foster care, in accordance with state and federal law. Transportation options may include using Title I funds, establishing regional collaborations among districts, coordinating with existing routes for transportation, and seeking help from foster parent(s), etc.

V. Enrollment

A. If it is in the best interests of a student in foster care as determined by the BID to attend school locally (where placed in foster care), the district must enroll the student immediately. During enrollment of students in foster care, DCF representatives will present the district with current Notice to the Local Educational Agency and the Mittimus indicating that the student is in foster care, along with a state-agency identification badge.

B. If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

C. PSB students in foster care will be provided district services for which other PSB students are generally eligible, including pre-school programs, Title I, special education, and bilingual education. Foster care students will be eligible for vocational and technical education, gifted and talented programs, wraparound service programs, school nutrition programs, summer programs, after school programs, athletics programs, music, visual arts and performing arts programs, and other extracurricular activities.

VI. Attendance

A. Foster care students may continue within the PSB for as long as they remain in foster care, provided that the Best Interest Determination(s) support(s) such continued enrollment

B. Foster care students who exit foster care outside of Brookline may remain within the PSB until the end of their school's current academic reporting period, except that:

- (i) Foster care students who exit foster care in the final grade level at a school in the PSB may remain within the PSB for the duration of that school year, provided that the Best Interest Determination(s) support(s) such continued enrollment.

D. For foster care students who completed or complete the final grade level served by the school of origin, and remain at a foster care placement in Brookline or were enrolled in the PSB at the time they entered foster care, the term "school of origin" shall also include the receiving school in the same school district educating students at the next grade level.

J 1 f. Assignment of Students to Schools:

Voted 10/6/81, #81-461; 5/7/84, #84-171; 5/11/93, #93-148; 6/7/01, #01-65, #01-66, #01-67; 6/14/01, #01-77; 2/7/02, #02-14; 3/25/04, #04-23 and #04-25; 3/15/12, #12-18; 2/14/13, #13-13; 3/12/15, #15-16)

1. Open Enrollment

Open enrollment is defined as a condition whereby a resident of the Town whose child does not reside in a specific elementary school district, may request admission to a school in that district.

While students have a right to attend the elementary school in the school district where they reside, the Brookline School Committee endorses a policy of open enrollment, subject to certain provisions set forth below which are designed to support the class size policies of the Public Schools of Brookline, to ensure even utilization of individual building resources and staff throughout the system, and to protect the educational well-being of the students. If a transfer is approved to one child in a family, there can be no guarantee that a sibling will be granted similar approval. Children of a resident who moves from one school district to another within the Town may be granted permission to remain in the former school district upon request to the Superintendent of Schools or his designee. The transportation of students to out-of-district schools shall be the responsibility of the student's family.

2. Out of District Transfer Requests

With respect to out-of-district transfer requests, the following will be considered:

1. The class size in the school district of the applicant, and that in the school being requested;
2. The overall crowding conditions and staff/pupil loads in the school district of the applicant and that in the school being requested;
3. The parents' reason for the request;
4. The educational well-being of the student, including the opinions of the Principals of both schools and other staff members.

The Superintendent of Schools, based on a recommendation from the Office of Student Affairs, shall have the sole responsibility of deciding out-of-district transfer requests and the assignment of new families residing in buffer zones (*see below*), in accordance with School Committee policy.

3. Buffer Zones**a. Establishment of Buffer Zones**

In order to help mitigate overcrowding in a grade or school and/or help maintain balanced class sizes across our elementary schools, the School Committee may establish school attendance "buffer zones," i.e. addresses or groups of addresses on or near elementary school district boundaries from which new students may be assigned by the Superintendent or his/her designee to any of the immediate school districts.

While committed to neighborhood elementary schools, the School Committee believes buffer zones are a necessary component of any strategy to manage the impacts of enrollment growth because they provide the Superintendent greater flexibility to assign students to schools where space and resources afford the best possible education for those students.

b. Family Preference & Sibling Assignment

With respect to the assignment of new families residing in buffer zones:

1. The preference of the family will be considered in making the initial assignment.

2. Unless the family requests a different assignment, which will be considered according to the policy on out-of-district transfers, subsequent assignments of siblings in a given family will be made to the same school.

c. Periodic Review, Modification, Expansion, or Reassessment of Buffer Zone Need

In order to underscore the School Committee's objective of maintaining strong neighborhood schools and reducing the uncertainty felt by some families who move into buffer zones, the School Committee shall periodically review the PSB's need for buffer zones based on enrollments as well as the experience of the community with the buffer zones. Based on any such review, the School Committee may modify or expand buffer zones to include additional schools for potential student assignment provided, however, that such review does not guarantee repeal of any given buffer zone.

d. Public Access to Buffer Zone Information

A current map and full list and description of school attendance districts and buffer zones shall be available from the Town's GIS Department online through the Town's website, or in print form upon request.

4. Temporary Relocation of Students and/or Classrooms: (Voted 2/14/13, #13-13)

In response to extraordinary circumstances, including, but not limited to, space constraints from high enrollment or capital renovation/construction, the Superintendent of Schools may, at his or her discretion, in consultation with the School Committee, and in accordance with the goals outlined in the School Committee's policy J 1 e. Assignment of Students to Schools/Buffer Zones, temporarily relocate a classroom or classrooms of students in grades K-12 to spaces outside of the school to which they are assigned. Such temporary relocation may be sited in rental space or other buildings within the PSB or Town, including other elementary schools. Any such relocation shall be temporary, shall terminate when the need for such relocation ends, and shall not exceed 2 years without a vote of the School Committee on or before March 15th of the second year of implementation. Students relocated under this provision shall retain their original school assignment status for all other purposes including, but not limited to, matriculation and calculations of school enrollment.

J 2 b. 3. Grade Acceleration

(Voted 2/12/09, #09-13)

1. The Public Schools of Brookline recognizes that children develop cognitively, socially, emotionally, and physically at different rates. While the vast majority of children are well served by progressing through the preK-8 elementary system, there may be a few exceptional children who have mastered concepts and skills far beyond their grade level peers, have exhausted all available resources, and are in need of a different academic experience. In these situations, careful consideration must be taken to determine the best course of action for meeting the needs of these children.

Grade Acceleration, defined as students being placed in a grade ahead of their usual placement by age, may be one viable alternative. It should, however, be viewed as an exception in educational protocol, requiring careful consideration and support.

Grade Acceleration decisions will be based on a comprehensive evaluation of the child, using multiple measures including, but not limited to: ability tests, aptitude tests, achievement tests, measures of developmental areas and social skills, and samples of student work. In addition, students being considered for Grade Acceleration must demonstrate proficiency, or demonstrate the ability to become proficient independently, of the Brookline Learning Expectations within the four core subjects of the grade(s) being skipped. Based on these outcomes and in collaboration with the parents and the

school personnel involved (principal, classroom teacher, ECS resource teacher, guidance counselor, school psychologist, ECS program coordinator), the School Department will determine the best grade placement for the student.

J 2 b. 4. Student Grouping, Inclusion and Placement Practices: Originally approved: 1/9/97; 1/23/97, #97-4; Revised Policy Adopted by School Committee 3/11/10, #10-19.

The Public Schools of Brookline (PSB) is committed to identifying and eliminating barriers to educational achievement and to providing educational opportunities that ensure every student meets our standards for achievement and is challenged in meaningful ways. To this end, we consciously and explicitly hold all students to high expectations and engage in grouping, inclusion and placement practices that create the necessary classroom conditions for all students to achieve at high levels.

Consistent with Massachusetts General Laws and the Individuals with Disabilities Education Improvement Act (IDEA) with respect to student grouping, inclusion and placement practices, it is the policy of the Brookline School Committee that:

- All students are expected to meet high learning standards as defined by High School Course Syllabi and Expectations and pK-8 Learning Expectations in all grades, courses and levels. With thorough knowledge of their students' strengths and needs, and with resources and support available to them, classroom teachers will have primary responsibility for identifying, coordinating, and providing learning opportunities that promote high achievement for all their students.
- All classes and sections are open to all students, including elementary school enrichment programs, high school courses and, in the case of students with disabilities, general education classrooms. Parents, school personnel and students (where appropriate) shall collaborate in the decision-making process to determine the placement that is in the best interest of the student consistent with state and federal law. The goal is for the student to be in the most challenging and least restrictive class/section available.
- Elementary classroom teachers will use a variety of grouping strategies to challenge and engage students in meaningful ways. Groups created in an elementary classroom or grade shall be flexible and dynamic so that the composition of these groups can change over the course of a year.
- When determining class placement of students at any grade level in elementary school and in the creation of middle school class lists, consideration shall be given to various student learning needs. In order to create effective learning environments and maintain valued diversity within each classroom, efforts will be made to place students with some peers who share similar profiles so that teachers can more effectively address the strengths and needs of all students.

Furthermore, the Superintendent is charged with developing and implementing the following programs and procedures:

- The Superintendent or his/her designee will develop guidelines outlining the classroom practices and school procedures aligned with this policy.

- The Superintendent or his/her designee, in collaboration with school principals, will create and implement programs and practices to support and develop teachers' understanding of content, instruction and classroom conditions that meet the needs of diverse learners consistent with M.G.L. c. 71, s. 38Q and in accordance with M.G.L. c. 71, s. 38Q½.
- The Superintendent or his/her designee will provide additional or alternative opportunities for students who demonstrate mastery of the learning expectations in a particular subject area. Mastery will be determined by various and multiple PSB assessments and by school personnel. These opportunities are intended to provide students with curricular challenge in a setting appropriate to the student's social and emotional development, and will include the possibility of elementary student enrollment in BHS courses, as well as high school student participation at local colleges or universities.
- The Superintendent or his/her designee will develop programs and processes that enable all high school students who wish to progress into a higher level class to attend courses, including, but not limited to, summer school classes that may be necessary for such progression.
- The Superintendent or his/her designee will develop programs and practices that encourage and enable teachers to provide instructional differentiation at all academic levels (including, but not limited to, enrichment and challenge support) so that all students are appropriately challenged academically and experiencing progress at the elementary level.
- The Superintendent or his/her designee will develop practices, aligned with the IDEA and M.G.L. c. 71B, s. 3, to ensure that students are educated in a general education setting (with appropriate support) to the maximum extent possible. Determination of educational setting will be made through the special education team process, informed by a child study team at each building.

SECTION J STUDENTS

3. Attendance (Voted 11/6/78, #78-447; 4/27/89, #89-196; 1/5/12, #12-2; 6/16/15, #15-41)

Regular and consistent school attendance directly contributes to student success. The purpose of this policy is to provide minimum standards for student attendance in the Public Schools of Brookline, and to provide guidance to the elementary schools and the high school for the development of attendance related rules that are consistent with the requirements of G.L. c. 76, s. 1 and this Policy.

I. ATTENDANCE REQUIREMENTS

The School Committee is charged with enforcing school attendance. Under Massachusetts' law, regular attendance at school is required for all persons between the ages of 6 and 16, and parents/guardians are responsible for ensuring their children's attendance at school. G.L. c. 76, s. 1, 2.

All students enrolled in the PSB are required to attend school, including all scheduled classes, on each school day, and to arrive on time to school and to all scheduled classes. Students will be excused from attending school or class or from arriving late to school or class on a particular day only if one or more of the attendance exceptions set forth in Part III of this Policy applies. In all other cases, students who are absent from school or from class or who are consistently late to school or to class may be subject to disciplinary action, as may be provided in their school handbook, or as otherwise determined by the Superintendent or Superintendent's designee.

II. ATTENDANCE RULES AND PROCEDURES

All schools shall develop and maintain uniform school attendance rules and procedures that are consistent with this Policy. Such attendance rules and procedures shall include, at a minimum, the following:

1. A process for providing notice to students and their parents/guardians at the beginning of each school year of: (a) the PSB attendance requirements; (b) the range of consequences for a student's failure to attend or arrive on time to school or to scheduled classes at school; (c) the procedure parents/guardians shall use to report student absences or late arrivals to school or to scheduled classes at school; and (d) the requirement that parents/guardians provide updated contact information so that they may be reached during the school day;
2. A process for monitoring student attendance at school that is consistent with applicable law and the collective bargaining agreement between the School Committee and Brookline Educators' Union;
3. In the event that a student is absent from school and the parent/guardian has not informed the school of the absence, a process for notifying the student's parent/guardian as soon as reasonably possible but within no more than 3 days of the student's absence;
4. A process for notifying the parent/guardian of a student who has at least 5 days in which the student has missed 2 or more periods unexcused in a school year or who has missed 5 or more school days unexcused in a school year. The Principal, or the Principal's designee, shall make a reasonable effort to meet with the parent/guardian of a student who has 5 or more unexcused absences to develop action steps for student attendance. These action steps shall be developed jointly and agreed upon by the Principal, or Principal's designee, the student, and the student's parent/guardian and with input from

other relevant school personnel and officials from relevant public safety, health and human service, housing, and non-profit agencies;

5. A process for responding promptly to an individual student's failure to arrive on time to school or to scheduled classes at school, which process shall include notification to the student's parent/guardian;
6. A process for reporting an individual student's pattern of tardiness or absences to the student's parent/guardian and to the school Principal or Head of School or their designees and implementing remedial or disciplinary action, as appropriate; and
7. A process for establishing the scope of a student's responsibility for making up missed work or scheduled tests.

III. EXCUSED AND UNEXCUSED ABSENCES:

A. Excused Absences: A student shall be deemed to have an excused absence from school or from class only under the following circumstances:

1. The student is experiencing personal illness;
2. The student has suffered personal trauma, such as the death of a family member;
3. The student is observing a religious holiday;
4. The student must attend a medical appointment that cannot be made outside of school hours. The student must provide proper documentation for such appointment. The School Committee discourages the making of appointments during the school day;
5. The student must participate in a legal proceeding requiring his/her personal appearance;
6. The student has been suspended from school;
7. The student is attending an approved school related trip, assembly, or meeting;
8. The student is attending a scheduled interview for formal opportunities outside of school which may include, but not be limited to employment, postsecondary education opportunity, or internship. The student must provide proper documentation for such interview;
9. Other, as deemed appropriate by the Principal or Head of School or their designees.

All such absences must be confirmed by an eligible parent/guardian.

B. Unexcused Absences: An unexcused absence is not covered by Section IIIA above. Examples of an unexcused absence may include, but may not be limited to:

1. Repetitive or chronic absence or tardiness due to illness or injury not documented by a doctor or other medical professional;
2. Non-emergency family situations; and
3. Family Vacations.

Refs: G.L. c. 76, s. 1 and 2; 603 CMR 27.00

3 a. Student Demonstrations and Strikes: (Voted 3/8/71, #71-99)

Note this section was moved from Section J7 (Student Discipline) per vote on 3/12/15.

Walkouts and demonstrations are **not** considered as planned absences and will be handled in conformity with normal policies for unauthorized classroom absence. Students must assume the responsibility for make-up work for all absences and the teachers are responsible for providing help for all excused absences. Parents and students should be aware that any absences affect academic standing.

The use of school facilities should not interfere with the normal school program. Meeting rooms may be made available to students and student-connected groups through normal procedures.

Staff Responsibility:

In the event of a walkout the staff has primary responsibility to cover students in class. A teacher wishing to accompany students out of the building in order to oversee their safety should ensure, with the approval of the department chairman or director, a supervised on-going classroom experience for those students wishing to remain in class. The chairman or director should notify the Head of School.

SECTION J STUDENTS

4. Records, Rights & Responsibilities, and Involvement

a. Student Records: (Voted 3/19/91, #91-83)

I. Definitions

For the purposes of this policy, the Brookline School Committee ("Brookline") has used the following definitions of terms:

Student - any person who attends or has attended a school in the Public Schools of Brookline.

Eligible Student - a student or former student who has reached age 14 or entered the ninth grade, or is attending post-secondary classes.

2. an employment record which is used only in relation to a student's employment by Brookline.
3. alumni records which contain information about a student after he or she is no longer in attendance, and the records do not relate to the person as a student.

II. Annual Notification

State and federal laws require that parents receive annual notification of their rights under student records acts (a copy of which shall be sent to Bureau of Student, Adult & Community Services).

Parents will be notified of their rights annually by publication in their child's student handbook; or

Parents will be notified of their rights annually by letter; or

Parents will be notified of their rights annually by publication in their child's school PTO Newsletter.

III. Procedure to Inspect Education Records

Parents of students or eligible students may inspect and review the student's education records upon request.

Parents or eligible students should submit to the student's school principal a written request which identifies the record or records he or she wishes to inspect.

The principal (or other appropriate school official) will make the needed arrangements for access which shall be no later than two consecutive weekdays after the request is made and notify the parent or eligible student of the time and place where the records may be inspected.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

IV. Fees For Copies Of Records

While Brookline may not charge for search and retrieval of the records, it may charge a reasonable fee for copying not to exceed the cost of reproduction, and postage if any.

V. Custodians Of Education Records

The school principal/head of school or his or her designee shall be responsible for the privacy and security of all student records maintained in the school. The Superintendent of Schools or his/her designee shall bear the same responsibility for those student records that are not under the supervision of a school principal or head of school.

VI. Disclosure Of Education Records

Brookline will disclose information from a student's education records only with the written consent of the parent or eligible student, except:

1. to school officials or authorized school personnel, defined as:
 persons employed by the district as an administrator, supervisor, counselor, service provider, teacher or support staff member.
 persons employed by or under contract to Brookline to perform a special task, such as an attorney, auditor, consultant, clerical staff or therapist, and includes attorneys from Town Counsel's office.
 School officials or authorized school personnel have a legitimate educational interest if the official is:
 - * performing a task that is specified in his or her position description or by a contract agreement.
 - * performing a task related to a student's education.
 - * performing a task related to the discipline of a student.
 - * providing a service or benefit relating to the student or student's family, such as health care, counseling, or job placement.
2. to officials of another school or district in which a student seeks to or intends to enroll. Brookline will make a reasonable attempt to notify the parent of the disclosure.
3. to certain officials of the U.S. Department of Education, the Comptroller General, and state and local educational authorities, in connection with certain state or federally supported education programs.
4. in connection with a student's request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid.
5. if required by a state law requiring disclosure that was adopted before November 19, 1974.

6. to organizations or persons conducting certain educational studies or evaluations for or on behalf of Brookline.
7. to accrediting organizations to carry out their functions.

9. to comply with a judicial order, Bureau of Special Education Appeals order or a lawfully issued subpoena.
10. to appropriate parties as determined by the Superintendent of Schools or School Committee in a health or safety emergency.

VII. Record Of Requests For Disclosure (Log of Access)

Brookline will maintain a log of all requests for and/or disclosure of information from a student's education records, excluding requests by school officials and authorized school personnel. The log will indicate the name of the party making the request, any additional parties to whom it may be disclosed, and the legitimate interest the party had in requesting or obtaining the information. The log may be reviewed by the parents or eligible student.

VIII. Correction of Education Records

Parents or eligible students have the right to ask that records be added, deleted, corrected or amended that they believe are inaccurate, misleading, or in violation of their privacy rights, except information that is part of the development of a currently proposed and not rejected IEP. Following are the procedures for the correction of records:

1. Parents or the eligible student must ask Brookline to amend the record in writing. In so doing, they should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of the student's privacy or other rights.
2. Brookline may comply with the request or it may decide not to comply. If it decides not to comply, it will notify in writing the parents or eligible student of the decision and advise them of their right to a conference with the principal or designee in order to challenge the information believed to be inaccurate, misleading, or in violation of the student's rights. Such conference will be scheduled within 10 school days of Brookline's receipt of appeal. The principal's decision shall be rendered in writing within one week of the conference.
3. If the parent or eligible student is not satisfied with the principal's decision, a written appeal may be made to the Superintendent of Schools who shall, within two weeks of receipt of such appeal, render a written decision to the student or parent with reasons therefore. If the parent or eligible student is not satisfied, the appellant has the right to appeal, in writing, to the Chairperson of the School Committee. The School Committee will inform the Bureau of Student, Community and Adult Services of such appeal.
4. Within four weeks of receipt of such appeal, a hearing will be conducted by the School Committee. The parents or eligible student will be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the

student's education records. The parents or student may be assisted by one or more individuals, including an attorney.

5. Within two weeks of such hearing, the School Committee will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reason for the decision.

6. If the School Committee decides that the challenged information is not inaccurate, misleading, or in violation of the student's right of privacy, it will notify the parents or eligible student that they have a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.

7. The statement will be maintained as part of the student's education records as long as the contested portion is maintained. If Brookline discloses the contested portion of the record, it will also disclose the statement.

8. If the School Committee decides that the information is inaccurate, misleading, or in violation of the student's right of privacy, it will direct the appropriate administrator to amend the record and notify the parents or eligible student in writing, that the record has been amended.

9. The School Committee shall notify the Bureau of Student, Community and Adult Services of its decision.

J 4 b. Confidentiality of Records: (Manual of Administration, 1966)

It is the policy of the Brookline School Committee to regard as confidential all information regarding a child or his parents as a result of the child's being enrolled in the Public Schools of Brookline. Similarly held in confidence is any information concerning teachers or other employees.

It is the policy also to discuss freely and fully any information concerning a pupil with his parents at their request or when there is a need on the part of the school to do so. Such information is usually, and almost always, discussed in interpretative terms and generalizations in order that misunderstandings may not arise due to the technical composition of much of the matter. Exact quotation of test scores and comparisons should be made very seldom to prevent quotation and reaction from others who may wish also to obtain statistics which are not thoroughly understood.

It is important that there be a common understanding and well-established policy regarding the dissemination of information about the children. Cooperation is extended, of course, in the exchange of information with accredited child guidance agencies. Confidential information may also be furnished to private medical and guidance practitioners who are referred to the schools.

Appropriate information may be furnished directly to the two classes of agencies mentioned in the preceding two paragraphs provided a record is kept of what information is given, and provided a memorandum is sent to the Department of Pupil Support Services indicating the same.

GUIDELINES

In all instances, extreme care must be taken in giving information of record over the telephone, since the identity of the one inquiring cannot always be assured.

All requests for data concerning a pupil or his parents made by any probation officer, lawyer, or court attaché should be referred to the Department of Pupil Support Services. If the information desired is subpoenaed by the Court, the Supervisor of Attendance is delegated to appear in Court with the requested records. The Court may also subpoena the principal for purposes of direct testimony.

Since the Supervisor of Attendance is ordinarily the schools representative in Court, court attaches should not be permitted to bypass him. The probation officer and others should not have direct access to school records without legal process or at least without some screening.

J 4. c. Policy Pertaining to the Disclosure of Disciplinary and Criminal Record Information to Post-Secondary Schools and Institutions

The Common Application for Undergraduate College Admission Secondary School Report contains the following questions pertaining to student disciplinary and criminal record information:

Question One:

Has the applicant ever been found responsible for a disciplinary violation at your school from 9th grade (or the international equivalent) forward, whether related to academic misconduct or behavioral misconduct, that resulted in the applicant's probation, suspension, removal, dismissal, or expulsion from your institution?

It is the mission of the Public Schools of Brookline to educate students. A primary goal in pursuit of this mission is to teach students responsibility, good citizenship, and respect for others. It is recognized that during the learning process, students may occasionally exercise judgment or make mistakes that they later regret. It is also recognized that post-secondary schools and institutions need to take steps to ensure that students entering their institutions do not pose risks to themselves or members of the community. In view of this, it is the policy of the Public Schools of Brookline to respond to Question One as follows:

It is the policy of the Public Schools of Brookline to answer "no" to this question, unless: (1) the applicant has been found responsible for a disciplinary violation arising out of conduct that occurred either at school or outside of school and involved the threat of harm or actual harm to another; and (2) such conduct caused the Head of School (or his/her designee, if applicable) to determine, at the time disciplinary action was taken, that the applicant's presence in school would have a substantial detrimental effect on the general welfare of the school; and (3) after notice and the opportunity for a hearing, the Head of School has determined that the applicant should not be exonerated for such conduct for the purposes of this policy, in which case the answer to this question shall be "yes."

Question Two

To your knowledge, has the applicant ever been convicted of a misdemeanor, felony, or other crime?

Massachusetts General Law prohibits the dissemination of criminal offender record information. Consequently, effective the date of passage, May 22, 2008, it is the policy of the Public Schools of Brookline to leave the answer to this question blank. This response should not be construed as suggesting that the applicant has, or has not, ever been convicted of a crime in the Commonwealth of Massachusetts. See G.L. c. 6, s. 178. Students should be aware that this policy does not absolve them of their obligation to complete their application truthfully and that failure to do so may, if discovered, result in an admission decision being revoked.

Students who must answer a question similar to question one and/or question two in the affirmative may request in writing that the guidance counselor's report address the incident or incidents.

New Policy Adopted by Brookline School Committee: 5/22/08, # 08-52

J 4 d. Cumulative Records: (Manual of Administration, 1966)

The thirteen-year cumulative pupil record consists of a nine-year elementary school record card and a four-year high school record envelope, into which the elementary school record is to be inserted when the pupil enters high-school.

The permanent record cards of elementary school pupils who enter Brookline High School should be sent to the High School by October 1 each year. The cards of pupils who do not enter Brookline High School, as well as the cards of those who withdraw previously, should be retained in the elementary school of last attendance.

When a pupil whose record shows that he at one time attended the Brookline elementary schools enters Brookline High School from other than a Brookline eighth grade, the High School should request the cumulative record from the Brookline School last attended.

J 4. e. *Non-Custodial Parents Rights Policy* (New Policy)

Massachusetts General Laws Chapter 71, Section 34H provides that a non-custodial parent may have access to his or her child's student record in accordance with the law and regulations promulgated by the Department of Education. The school district will follow the law and the regulations developed by the Massachusetts Department of Education to standardize the process by which public schools provide student records to parents who do not have physical custody of their children ("non-custodial parents").

As required by M.G.L. c.71, § 34H, a non-custodial parent may have access to the student record in accordance with the following provisions:

- A. A non-custodial parent is eligible to obtain access to the student record unless:
 - (1) the parent's access to the child is currently prohibited by a temporary or permanent protective order, except where the protective order, or any subsequent order which modifies the protective order, specifically allows access to the child's student record; or
 - (2) the parent is denied visitation, or, based on a threat to the safety of the child, is currently denied legal custody of the child or is currently ordered to supervised visitation, and the threat is specifically noted in the order pertaining to custody or supervised visitation.
- B. Pursuant to 603 CMR 23.07 (5)(a), the school shall place in the student's record any documents indicating that a non-custodial parent's access to the student's record or information is limited or restricted.
- C. In order to obtain access, the non-custodial parent must submit a written request for the student record to the school principal.
- D. Upon receipt of the request, the receiving school shall review the student record for any documents limiting or restricting parental access to the student's records or information and shall immediately notify the custodial parent by certified and first class mail, in English and the primary language of the custodial parent, that it will provide the non-custodial parent with access after 21 days, unless the custodial parent provides the principal with documentation that the non-custodial parent is not eligible to obtain access as set forth in 603 CMR 23.07 (5)(a).
- E. The school shall delete all electronic, postal address and telephone number information relating to either work or home locations of the custodial parent from student records provided to non-custodial parents. In addition, such records must be marked to indicate that they shall not be used to support admission of the student to another school.
- F. Upon receipt of a court order which prohibits the distribution of information pursuant to G.L. c. 71, §34H, the school shall notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent.

The principals of each elementary school and the Head of School of the High School shall designate a staff member whose duties shall include the proper implementation of this policy.

6. Policy Against Discrimination, Harassment, Sexual Harassment and Retaliation

(Voted 3/16/17, #17-28; 1/7/21, #21-5)

Replaced *Safe Schools Policy* (10/26/06, #06-98; Revised 5/5/11, #11-41)

General Statement of Policy

The Public Schools of Brookline (PSB) is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that are free from discrimination and harassment based on a protected category, and retaliation for engaging in a protected activity.

To ensure compliance with federal, state, and local civil rights laws and regulations, and to affirm its commitment to promoting the goals of fairness and equity in all aspects of the educational program or activity, The PSB has developed internal policies and procedures that provide a prompt, fair, and impartial process for those involved in an allegation of discrimination or harassment on the basis of protected class status, and for allegations of retaliation.

The PSB values and upholds the equal dignity of all members of its community and strives to balance the rights of the parties in the grievance process during what is often a difficult time for all those involved.

This policy applies to all persons employed by, attending, or otherwise affiliated with the Public Schools of Brookline, including volunteers, interns, and partnering organizations.

I. Prohibited Discrimination and Harassment

The core purpose of this policy is the prohibition of all forms of discrimination. Sometimes, discrimination involves exclusion from or different treatment in activities, such as athletics, or employment. At other times, discrimination takes the form of harassment or, in the case of sex-based discrimination, it can encompass sexual harassment. When an alleged violation of this nondiscrimination policy is reported, the allegations are subject to resolution using district procedures.

PSB prohibits all forms of discrimination and harassment in all of its programs, activities, and services based on a person's protected class under the law. Harassment prohibited by the PSB includes, but is not limited to, harassment on the basis of race, ethnicity, color, religion, national origin, sex, gender, sexual orientation, gender identity or expression, disability, age, genetic information, marital status, maternity leave, paternity leave, parental status, military and veteran status. Prohibited discrimination under this Policy includes discriminatory harassment and bullying. Prohibited discriminatory harassment and bullying is motivated by or expresses a negative attitude toward a person's membership in a protected class or protected characteristic and creates an intimidating, hostile, or offensive environment. Conduct prohibited may include, but is not limited to, written, verbal or electronic express or physical act or gesture such as:

- Use of epithets, slurs or nicknames that refer to a person's protected characteristic such as, but not limited to, race or sexual orientation;
- Jokes that have the purpose or effect of demeaning or making fun of a person based on a protected characteristic;

- Graffiti or other visual messages or displays that degrade a person based on a protected characteristic, and;
- Any other verbal or non-verbal conduct that has the purpose or effect of creating a hostile work environment based on a person's protected characteristic.

Nothing in this policy shall limit the ability of PSB to enforce violations of its code of conduct in areas that may not legally qualify as discrimination, harassment, sexual harassment, or retaliation under state and federal law (e.g. harassment based on housing status, receipt of public benefits, economic class, etc.)

a. Disability Discrimination and Accommodation

The PSB is committed to full compliance with the Americans With Disabilities Act of 1990 (ADA), as amended, and Section 504 of the Rehabilitation Act of 1973, which prohibit discrimination against qualified persons with disabilities, as well as other federal, state, and local laws and regulations pertaining to individuals with disabilities.

b. Nondiscrimination

The PSB adheres to all federal, state, and local civil rights laws and regulations prohibiting discrimination in public institutions of education. Discrimination on the basis of race, color, and national origin is prohibited by Title VI of the Civil Rights Act of 1964. Discrimination against persons with disabilities is prohibited by Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 (Title II prohibits discrimination on the basis of disability by public entities, whether or not they receive federal financial assistance). Discrimination on the basis of sex is prohibited by Title IX of the Education Amendments of 1972.

c. Prohibited Sexual Harassment Massachusetts

While PSB prohibits all forms of discrimination and harassment, federal and state law require additional protections for sexual harassment. In Massachusetts, the legal definition for sexual harassment refers to sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual nature when:

- a. submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term or condition of employment or as a basis for employment decisions; or,
- b. such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual's work performance by creating an intimidating, hostile, humiliating or sexually offensive work environment.

The Massachusetts legal definition of sexual harassment is broad and in addition to the above examples, other sexually-oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating a work place or educational environment that is hostile, offensive, intimidating, or humiliating may also constitute sexual harassment.

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct which if unwelcome, may constitute sexual harassment depending upon the totality of the circumstances including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances -- whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, touching, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences, and
- Discussion of one's sexual activities
- Taking or posting of photographs, videos or images of a sexual nature without consent

It should be noted that retaliation against an individual who has complained about sexual harassment, and retaliation against individuals for cooperating with an investigation of a sexual harassment complaint is unlawful and will not be tolerated by this organization.

d. Prohibited Sexual Harassment Title IX

Pursuant to regulations promulgated by Title IX of the Education Amendments of 1972, PSB shall adopt and publish a grievance process for responding to formal complaints of Sexual Harassment as defined under Title IX. Title IX requires that schools use a separate, but similar definition of Sexual Harassment when responding to formal complaints. According to Title IX, Sexual Harassment is conduct on the basis of sex that satisfies one or more of the following:

- A PSB employee conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the PSB's education programs or activities; or
- Sexual assault, dating violence, domestic violence, or stalking (as defined under the Clery Act and the Violence Against Women Act)

Title IX also requires that the incident occurred in the United States, at PSB or during its programming, and the complainant must have been actively participating in or attempting to participate in PSB's educational programming or activities during the incident.

The Title IX Coordinator has the primary responsibility for coordinating the PSB's efforts related to the intake, investigation, resolution, and implementation of supportive measures to stop, remedy, and prevent discrimination, harassment, and retaliation prohibited under this policy. Any District employee with knowledge of an allegation of sexual harassment must report it to the Title IX Coordinator. The District will promptly respond to all reports alleging Sexual Harassment to ensure a fair and equitable resolution to the report, provide support to the complainant, eliminate harassment, and impose discipline if necessary. Discipline may range from verbal reprimand to suspension or termination, in the case of an employee.

II. Policy Coordinators / Notice of Rights

Inquiries about this Policy or applicable law (including Title VI, Title IX, Section 504, and Title II of the Americans with Disabilities Act) may be directed to the designated PSB administrators listed below.

Contact information (telephone number, office address, email address) shall be identified in a Notice of Rights for each school, and a separate one for the District, and shall be posted, on the school and district website, in each school building, and within public areas of PSB administrative facilities.

The PSB administrators are responsible for consulting regarding the handling of complaints for consistency with this Policy and applicable procedures and legal requirements, and for identifying and addressing any patterns or systemic problems that arise during the review of such complaints. III. Prohibited Retaliation

The PSB prohibits punitive action of any kind against a person for engaging in protected conduct such as reporting, filing a complaint, or opposing acts of discrimination, sexual harassment and/or retaliation, or for participating in an investigation into or proceeding relating to alleged discrimination, sexual harassment and/or retaliation. Prohibited retaliation may include, but is not limited to:

- disciplining a person, or taking any other adverse action against a person based on a person's protected conduct,
- discriminating against a person in the PSB services, programs and activities because of a person's protected conduct, and
- subjecting a person to harassment, bullying, shunning, hazing, or name-calling, or any other hostile verbal or non-verbal conduct on the basis of a person's protected conduct.

IV. Reasonable Accommodation

The PSB will reasonably accommodate persons with disabilities and with religious observance or practice requirements. A reasonable accommodation is one that would not pose an undue financial or administrative burden on the PSB by being unduly costly, extensive, substantial or disruptive, or by fundamentally altering the nature or operation of the PSB's programs, services or activities. Depending on the facts, examples of reasonable accommodations may include, but are not limited to, a modified work or break schedule, altering how or when job duties are performed, reasonable modifications to policies and procedures, supplying an auxiliary aid or service to permit effective communication, and providing assistive technology or removal of an architectural barrier.

Persons seeking reasonable accommodations should direct their request to the applicable Coordinator designated in Section II.

Students seeking a Section 504 accommodation or special education services in order to access the PSB's educational programs should contact the Office of the Deputy Superintendent for Student Services for more information about any special procedures (including complaint procedures) applicable to Section 504 accommodations and special education services.

V. Other Prohibited Actions

Also, prohibited by this Policy is knowingly making a false accusation of discrimination, sexual harassment or retaliation, or interfering with the investigation into such conduct by, for example, pressuring, goading, or encouraging false denials or covering up such conduct.

VI. Duties and Responsibilities

In each school, the Principal is responsible for receiving complaints/reports of violations of this Policy at the school level. The Superintendent is responsible for receiving complaints/reports of violations by a Principal or a Deputy Superintendent. The Chair of the School Committee is responsible for receiving complaints/reports of violations by the Superintendent. Any other person designated by the Principal, Superintendent, or School Committee Chair to receive complaints/reports shall forward them to the person responsible for receiving them under this paragraph. A Coordinator identified in Section II will be consulted regarding next steps consistent with this Policy and applicable law.

PSB staff, independent contractors and school volunteers who witness or become aware of discrimination, sexual harassment and/or retaliation shall immediately report such conduct to their direct superior. If the reporting party does not feel comfortable reporting to their direct superior, they may report it to the Superintendent or a Coordinator identified in Section II. All allegations of Sexual Harassment shall be reported to the Title IX Coordinator.

Each member of the school community is responsible for cooperating with the PSB's investigation of reports or complaints of violations of this Policy and with the PSB's efforts to prevent, respond effectively to, and eliminate any such conduct.

The Superintendent is responsible for:

- developing procedures to implement this Policy, which shall be consistent with legal requirements and PSB Policy and procedures, including, but not limited to, the Bullying Prevention Policy and procedures, the Student Discipline Policy, and applicable collective bargaining agreements.
- Otherwise developing guidelines to effectively implement this Policy and comply with applicable law, which may include guidelines regarding:
- publication of this Policy and Notices of Rights to the entire school community in an age appropriate manner and in the languages most prevalent within the school community, including in School Handbooks, and
- in-service training; and
- student training.

VII. Investigations / Corrective Action / Recordkeeping / Reporting

The PSB shall take prompt and effective steps reasonably calculated to end any discrimination, sexual harassment or retaliation and prevent any such conduct from recurring. The decision to discipline, the nature of any disciplinary action, and the disciplinary procedures followed shall comply with the PSB's disciplinary policies (including, but not limited to, Section J(8), PSB Policy Manual), applicable collective bargaining agreements, and federal and Massachusetts

state law (including, but not limited to, Title IX, M.G.L. c. 71, §§ 37H, 37H ½, and 37H ¾, and in the case of students with disabilities, the federal Individuals with Disabilities Education Act).

Records regarding any actions taken in response to report or formal complaint of discrimination or harassment investigations must be retained and available to parties for a minimum of seven years.

The Coordinators will each prepare an annual report to the Superintendent and School Committee (without personal identifying information) regarding the number and resolution of any complaints or reports of violations under this Policy, along with any measures taken in the prior year, and/or anticipated for implementation in the coming year, to systemically address and prevent violations under this Policy. Both substantiated and unsubstantiated complaints or reports of violations of this Policy shall be included in the annual report to the Superintendent and School Committee. In assembling the annual report, the Coordinators shall include all written complaints or reports of violations under this Policy to which the Coordinators become aware, irrespective of whether the complaints or reports of violations comply with the formal procedural mechanisms for reporting. The Coordinators shall make their best effort to include subtotals and subcategories of reported violations in the annual report to the Superintendent and School Committee, so as to best inform the Superintendent and School Committee of the state of reported discrimination and harassment in the schools.

For allegations of sexual harassment specifically, the report shall include at minimum: (i) the total number of allegations of sexual harassment reported to the district's Title IX coordinator by a student or employee of the district against another student or employee of the district; (ii) the number of allegations made by a student or employee of the district against another student or employee of the district investigated by a local or state law enforcement agency, if known; (iii) the number of students and employees found responsible for violating the district's policies prohibiting sexual harassment; (iv) the number of students and employees found not responsible for violating the district's policies prohibiting sexual harassment; and (v) the number of disciplinary actions imposed by the district as a result of a finding of responsibility for violating the district's policies prohibiting sexual harassment. Such incident data shall be reported in the form and manner that complies with state and federal privacy laws.

The annual report to the Superintendent and School Committee shall be submitted no later than June 15 of each year and shall be publicly posted in a manner accessible to the general public by July 1 of that same year.

VIII. Contact Information for State & Federal Agencies

PSB urges all individuals in the school community to bring any concerns or complaints of discrimination or harassment to the attention of school personnel so that they can be addressed. If either party to the complaint is dissatisfied with the results or progress of the PSB's investigation, they may discuss this directly with the Superintendent of Schools. Below are the relevant state and federal agencies if the party is unsatisfied with PSB's response or would rather contact them directly.

7. Bullying Prevention Policy (Voted 1/20/11, #11-6; 11/14/13, #13-86; 3/16/17, #17-27)

The Public Schools of Brookline (PSB), in partnership with parents, guardians, and the community, and in keeping with the PSB core value of respect for human differences, believes that a positive, safe, and civil environment in school is necessary for students to learn and achieve. Bullying disrupts a student's ability to learn by preventing that student's full engagement with his or her education. Moreover, bullying compromises a school's ability to educate its students in a safe environment. The Brookline School Committee, therefore, prohibits bullying throughout the Public Schools of Brookline. The purpose of this policy is to stop bullying and to provide guidance to the school community for a comprehensive and caring response to all those affected by bullying. This Policy operates in tandem with the PSB's Bullying Prevention Plan (Plan). All PSB community members are required to comply with the requirements of both this Policy and the Plan.

Bullying and retaliation, as defined herein, are prohibited:

- On school grounds and property immediately adjacent to school grounds; at a school-sponsored or school-related activity, function or program whether on or off school grounds; at a school bus stop, on a school bus or vehicle owned, leased, or used by the PSB; or through the use of technology or an electronic device owned, leased, or used by the PSB; and
- At a location, activity, function, or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased, or used by the PSB, if the bullying creates a hostile environment at school for the target, infringes on the target's rights at school, or materially and substantially disrupts the education process or the orderly operation of a school-sponsored or school-related activity, function or program.

Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying is also prohibited.

Bullying that is based on a student's protected class (race, ethnicity, color, religion, national origin, sex, sexual orientation, gender identity or expression, disability) is also addressed in the PSB's Policies Against Discrimination, Sexual Harassment and Retaliation (Sections G(6) [Personnel] and J(6) [Students], PSB Policy Manual.

I. Definitions

- a. **"Aggressor"** means a student or a member of school staff who engages in bullying or retaliation as defined herein. School staff includes, but is not limited to, educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to an extracurricular activity and paraprofessionals.
- b. **"Target"** means a student against whom bullying or retaliation has been perpetrated.
- c. **"Bullying"** means the repeated use by one or more students or staff of a written, verbal, or electronic expression, or a physical act or gesture, or any combination thereof, directed at a target that:

- causes physical or emotional harm to the target or damage to the target's property; and/or
 - places the target in reasonable fear of harm to him/herself, or of damage to his/her property; and/or
 - creates a hostile environment at school for the target; and/or
 - infringes on the rights of the target at school; and/or
 - materially and substantially disrupts the education process or the orderly operation of a school.
- d. **"Retaliation"** means any form of intimidation, reprisal or harassment directed against a person who reports bullying, provides information during an investigation about bullying, or witnesses or has reliable information about bullying.

For the purposes of this policy, bullying and retaliation include cyber-bullying as defined herein.

- e. **"Cyber-bullying"** means bullying through the use of technology or any electronic communication, which shall include, but not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo-electronic or photo-optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications.

Cyber-bullying also includes the creation of a web page or blog in which the creator assumes the identity of another person or knowingly impersonates another person as author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying.

Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

- f. **"Hostile environment"** means a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student's education. The conduct of the aggressor sufficiently interferes with or limits a student's ability to participate in or benefit from school-sponsored or school-related activities, functions or programs.
- g. **"Home Base"** is a location in the school selected by school administration and staff where a student go when not feeling safe. This location should be a place where students can be supervised and monitored by school staff and where they are able to request support (examples, principal/head of school's office, vice-principal/assistant head of school's office, dean's office, school counselor's office, the main office, etc.)
- h. **"Safe Person"** is a designated person in the school who the student can talk to and process social situations that are troubling, confusing, or agitating including bullying, that may not be readily understood by the student. This person should be familiar to the student and have a trusting relationship already established. This person should be a person chosen by or acceptable to the student and family.

- i. **“Safety Plan”** is an immediate action plan identifying the target student’s primary and secondary safe person they can go to if they feel unsafe at any time after the initial report of bullying. In addition, the safety plan lists the behavioral expectations moving forward for all students involved including the aggressor. It lists school team actions intended to provide support to students in resolving the bullying conflict, which may include, but not be limited to, additional supervision during recess, lunch, and transition time, scheduling changes, scheduled check in’s with involved students, etc. This plan should be agreed upon by students, parents/families and school administration, submitted to Deputy Superintendent of Student Services for review, and filed with completed bullying investigation documents.

II. Prohibitions

Bullying and retaliation can occur in and out of school, during and after school hours, and/or at home and in locations outside of the home. When bullying or retaliation is alleged, the full cooperation of students, parents/guardians, and families is expected.

Bullying and retaliation are also prohibited at a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by the PSB, if the bullying or retaliation creates a hostile environment at school for the target, infringes on the rights of the target at school, and/or materially and substantially disrupts the education process or the orderly operation of a school.

III. District Prevention and Intervention Plan

The Superintendent and/or his/her designee shall oversee the development and updating of a Bullying Prevention and Intervention Plan (the “Plan”), in consultation with all district stakeholders, including parents/guardians, teachers, school staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, and/or students, consistent with the requirements of this policy, as well as state and federal laws.

The Plan shall be reviewed and updated at least biennially.

The Principal/Head of Schools is responsible for the implementation and oversight of the Plan within his/her school. When a reported bullying incident involves the principal or assistant principal as the alleged aggressor or where there are familial concerns regarding the integrity of the investigation by virtue of the Principal/Head of School’s responsibility, the Principal/Head of School should delegate to the Superintendent or designee responsibility for investigating the report and for other steps necessary to implement the Plan, including addressing the safety of the alleged victim(s). If the Superintendent is the alleged aggressor, the School Committee or its designee shall be responsible for investigating the report and other steps necessary to implement the Plan, including addressing the safety of the alleged victim(s).

IV. Reporting (Oral or Written) Incidents of Bullying or Retaliation

Students who believe that they are a target of bullying or retaliation, who observe bullying or retaliation, or who have reasonable grounds to believe that bullying or retaliation is taking place, are obligated to report such bullying or retaliation to a member of the school staff, and may be subject to discipline for failing to report bullying or retaliation. However, the target shall not be subject to discipline for failing to report bullying or retaliation.

School staff who witness or become aware of bullying or retaliation shall immediately report in writing such bullying or retaliation to the Principal/Head of School/Superintendent/School Committee, or his/her designee within one school day of witnessing or receiving a complaint of bullying of a student.

Parents/guardians, or members of the community, are encouraged to report bullying or retaliation to the Principal/Head of School as soon as possible.

Each school shall have a means for anyone to anonymously report bullying or retaliation. No formal disciplinary action shall be taken against a student or staff member solely on the basis of an anonymous report.

Any student who knowingly makes a false accusation/report of bullying or retaliation shall be subject to disciplinary action equivalent to that for bullying or retaliation.

V. District Compliance with Massachusetts Chapter 86, Section 4 of Bullying in Schools

The PSB shall annually report bullying incident data to DESE. The data shall include, but not be limited to: (i) the number of reported allegations of bullying and retaliation; (ii) the number and nature of substantiated incidents of bullying or retaliation; (iii) the number of students disciplined for engaging in bullying or retaliation; and (iv) any other information required by the DESE.

VI. Investigation of Reports of Bullying or Retaliation

Upon receipt of a report of bullying or retaliation, the Principal/Head of School/Superintendent/School Committee or his/her designee shall promptly (1) with the assistance of support staff, assess the alleged target's need for protection and create and implement a safety plan that shall restore both a sense of and actual safety for the target; (2) notify the safe person listed on the student's safety plan (*see* Sections I(h) and (c)); (3) notify the parents/guardians of the alleged target(s) and the alleged aggressor(s) within the confines of student confidentiality protections as outlined within DESE regulations and/or FERPA, and consistent with the requirements of the Plan; and (4) conduct and conclude an investigation within 10 school days that is consistent with the requirements of the Plan.

The details of the PSB's procedures pertaining to reports of bullying are set out in the PSB's Bullying Procedural and Prevention Plan. The below highlights key provisions of the Plan. The PSB requires full compliance with the Plan.

If a report of bullying or retaliation involves students from another PSB or non-PSB school, the Principal/Head of School or his/her designee shall promptly notify the appropriate administrator of the other school so that both may take appropriate action.

At any point after receiving a report of bullying or retaliation, including after an investigation, the Head of School/Principal/Superintendent/School Committee or designee shall immediately notify the local law enforcement agency if he/she has a reasonable basis to believe that criminal charges may be pursued against the aggressor(s). Such notification will be made after consultation with the Superintendent or his/her designee. The Head of

School/Principal/Superintendent/School Committee or designee shall document the reasons for his/her decision to notify law enforcement if such notification is made.

If the Principal/Head of School/Superintendent/School Committee or his/her designee determines that bullying or retaliation has occurred, the Principal/Head of School/Superintendent/School Committee or his/her designee shall (1) notify the parents/guardians of the target(s) and aggressor(s) of the determination and of the procedures for responding to bullying or retaliation; (2) consistent with state and federal privacy laws and related regulations, notify the parents/guardians of the target(s) of the action taken to prevent further bullying or retaliation; and (3) take appropriate disciplinary action.

All disciplinary action for students and staff who are found to have committed bullying or retaliation shall be in accordance with the Plan and the PSB's disciplinary policies. Such disciplinary action may include loss of extracurricular privileges, suspension and/or removal from school in the case of students; and administrative leave and termination in the case of staff.

If the Principal/Head of School/Superintendent/School Committee or his/her designee determines that bullying or retaliation has not occurred, he/she shall notify the parents/guardians of the alleged target(s) and aggressor(s) of the determination and shall verify that they have received notice of the student-related sections of the Plan.

If provided for by the Discipline Policy of the Public Schools of Brookline, a parent/guardian can appeal the results of a bullying investigation determination pursuant to the procedures set forth in that Policy.

Confidentiality shall be used to the greatest extent permitted by law to protect a person who reports bullying or retaliation, who provides information during an investigation of bullying or retaliation, or who witnesses or has reliable information about bullying or retaliation. The Principal/Head of School shall document and maintain a file of all reports of bullying and retaliation. A quarterly report shall be provided to the Superintendent or his/her designee.

The Superintendent and/or his/her designee shall inform the School Committee periodically of any trends or implications of these reports in order to give the School Committee the opportunity to review and amend this policy.

VII. Counseling Assistance

The PSB recognizes that students affected by bullying or retaliation can include aggressors, targets, and others less directly involved. The PSB shall therefore provide or refer students affected by bullying or retaliation to counseling, guidance and/or academic intervention, as appropriate.

VIII. Training and Instruction on Bullying Prevention

Annual training in preventing, identifying, responding to, and reporting bullying or retaliation shall be provided for all school employees.

Staff training for those responsible for the implementation and oversight of the Plan will include training to distinguish between acceptable managerial behaviors designed to correct misconduct, instill accountability in the school setting, and bullying behaviors.

Age-appropriate, evidence-based instruction on bullying prevention shall be incorporated into the curriculum for all pre-K to 12 students.

IX. Publication and Notice

Annual written notice of the relevant sections of the Plan shall be provided to students and their parents/guardians in age-appropriate terms and in the languages which are most prevalent among the students and parents/guardians.

Annual written notice of the Plan, including sections related to staff duties and bullying of students by school staff, shall be provided to all school staff, along with annual training on the applicability of the Plan to their school.

Relevant sections of the Plan relating to the duties of faculty and staff shall be included in any relevant employee manuals/materials pertaining to employee training and conduct. The Plan shall be posted on the PSB website.

SECTION J STUDENTS

7a. Prohibition of Hazing (Voted 12/1/16; #16-78)

The Public Schools of Brookline (PSB), in partnership with parents, guardians, and the community, believe that a positive, safe, and civil environment in school is necessary for students to learn and achieve. By compromising a school's ability to educate its students in a safe environment, hazing disrupts a student's ability to learn and limits their opportunity to participate fully in the school community. The Brookline School Committee, therefore, prohibits hazing throughout the Public Schools of Brookline. The purpose of this policy is to prevent hazing, to stop it if and where it occurs, and to provide guidance to the school community for a comprehensive response to all those affected by hazing.

Definitions

Per M.G.L. c. 269, S. 17, hazing means any conduct or method of initiation into any school or student organization or formal or informal peer group, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug, or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental status, including extended deprivation of sleep or rest or extended isolation.

Incidents of hazing are not bullying. Bullying incidents should be addressed using the PSB Bullying Prevention Policy Section J7. Hazing incidents that may have targeted a person because of the person's protected class (*e.g.*, race, sex, etc.) and/or protected conduct (*e.g.*, complaining about discrimination, etc.) should also be evaluated as possible violations of the PSB's anti-discrimination, Sections G6 and J6 of Policy Manual) and addressed accordingly.

Prohibition

In accordance with M.G.L. c. 269, §§ 17-19, and this policy, no student, employee or school organization under the control of the School Committee shall engage in the activity of hazing a student or other person while on or off school property, or at a school sponsored event, regardless of location. No organization that uses the facilities or grounds under the control of the School Committee shall engage in the activity of hazing any student or person while on school property.

Reporting of Hazing

Any student who observes what appears to them to be the activity of hazing another student or person should report such information to the Principal including the time, date, locations, names of identifiable participants and the types of behavior exhibited. Students and employees of the PSB are obligated by law to report incidents of hazing to the police department.

Any student who is present during a hazing incident has the obligation to report such an incident. Failure to do so may result in disciplinary action by the school against that student and could involve suspension from school for up to three days.

Participation in Hazing

Any student who participates in the hazing of another student or other person may be suspended from school for up to ten (10) school days. If the conduct is sufficiently severe, such student may be suspended from school for up to ninety (90) days.

Any student determined by the Principal to be the organizer of the hazing activity may be suspended from school for up to ninety (90) days, but in any event will not receive a lesser disciplinary action than that given to a participant.

The PSB's Conduct and Discipline Policy, Section J(8) of the PSB Policy Manual, shall govern disciplinary processes and measures imposed for hazing.

Student Handbook

As with other policies associated with student conduct, this policy shall be included in all PSB Student Handbooks.

Philosophy

The Public Schools of Brookline (PSB) is committed to providing every student with a safe, secure learning environment in which they can thrive. Consistent with the PSB core values of High Achievement for All, Educational Equity, and Respect for Human Difference, this policy is designed to guide expected student behavior based on a general code of conduct and based upon respect for others, respect for self, and respect for property. We believe all students have the right to be treated fairly, courteously and respectfully; to bring complaints to the school Principal or staff for resolution; to tell their side of the story; and to freely express their opinions. All students have a right to a high-quality education. Similarly, all students have the responsibility to not disrupt the educational process or impose upon, endanger, or deprive others of their rights to a high-quality education.

We recognize that our schools provide a unique opportunity for learning and growth related to student behavior. We believe in preventive and positive approaches to discipline and in responding with interventions and consequences aimed at addressing the causes of misbehavior, resolving conflicts, and meeting students' needs and keeping students in school. When there is a breach of conduct, the Brookline School Committee believes it paramount that the school response emphasizes learning over punishment, and that it be conducted in a way that calls the student's attention to his or her responsibility for self-discipline and helps the student exercise sounder judgment in the future. We believe in resolving conflicts by every means short of exclusion from school. The purpose of discipline must be to understand and address the causes of behavior to resolve conflicts, while teaching new skills and repairing the harm done, restore relationships and reintegrate students into the school community. In addition, particular attention and intervention support shall be provided to vulnerable families and students at risk of being excluded from school.

We believe it is the responsibility of all school staff, students, families, and the community to contribute to a school community that promotes a safe, secure, and learning environment. Preventive and positive discipline is a shared responsibility for students, administrators, teachers, families, and the community.

Guiding Principles

The goal of the Code of Conduct is to teach students to behave in ways that contribute to academic achievement and school success, and to support a school environment where students and staff are responsible and respectful. We seek to ensure that students remain connected to the learning environment and school community. To that end, we strongly believe in proactive practices with the aim of maximizing learning time in the classroom for all students. We

recognize and value the teacher's pivotal role in creating classroom environments that are conducive to engaged learning. Successful, positive conduct is guided by the following principles:

- Effective and engaging instruction, positive school climate, and classroom management are the foundation of effective discipline.
- School discipline is best accomplished by preventing misbehavior before it occurs, and using effective interventions after it occurs.
- School safety and academic success are formed and strengthened when all school staff and personnel build positive relationships with students and are actively engaged in their lives and learning.
- All school staff should promote high standards of behavior by teaching, modeling, and monitoring behavior, and by fairly and consistently correcting misbehavior as necessary.
- School discipline that is paired with meaningful instruction and guidance offers students an opportunity to learn from their mistakes and contribute to the school community, and is more likely to result in getting the student re-engaged in learning.
- Effective school discipline maximizes the amount of time students spend learning and minimizes the amount of time students are removed from their classrooms due to misbehavior.

Students in Grades PreK-2

The Brookline Early Education Program provides a positive, nurturing environment for the District's youngest learners. Exclusionary discipline removes our youngest students, who have the most to learn about social and behavior skills, from the environment that supports their social, emotional and academic growth. As such, out of school suspensions in early childhood programs, grades PK-2, are limited to conduct that causes physical harm or poses a direct threat to the health and safety of students or educators, and requires the approval of the Superintendent or his/her designee.

Disproportionality

While overly harsh school discipline policies can affect all students, national surveys indicate that they may disproportionately impact students of color and students with disabilities. Black, Latinx/Hispanic, and Native American students, in particular, may be more likely to be suspended, expelled, and arrested than their white peers, even for the same behavior. The surveys indicate that students of color also tend to receive harsher punishments than their peers for the same offenses. Federal civil rights data shows students with disabilities have been disproportionately disciplined (e.g., suspensions and expulsions) in K-12 public schools.

This District therefore is committed to ensuring that discrimination or bias that may present barriers to success for our students plays no role in the disciplinary process.

All staff members are specifically charged with being aware of the impact of their actions on students from racial and ethnic groups or other protected classes that national surveys indicate have historically been over-represented among those students who are suspended, expelled, referred to alternative schools, arrested, or referred to law enforcement. The District shall

evaluate any evidence that punitive measures may be used disproportionately against students of any protected class and, if confirmed by such evidence, shall take appropriate corrective action.

It is the Policy of the School Committee to abide by all laws applicable to student discipline, including, but not limited to, Massachusetts General Laws Chapter 71, §§ 37H, 37H ½, and 37H ¾, constitutional due process and other requirements of the federal and state constitutions, laws and regulations. School staff should consult the applicable statutes and the regulations of the Massachusetts Department of Elementary and Secondary Education (DESE), 603 Code of Massachusetts Regulations (CMR) 53, and/or Town Counsel's Office as appropriate for further guidance.

School-Based Rules

This Code of Conduct establishes uniform rules and procedures to be followed throughout the Public Schools of Brookline in disciplinary actions, including non-exclusionary, positive and preventative approaches to student discipline. Any school-based rules related to discipline must be consistent with this Code of Conduct.

Alternatives to Exclusions

We prioritize building strong and positive relationships within the school community. We want all individuals to feel respected and valued, and value others. As such, it is important that our responses to misconduct convey our value for building and maintaining relationships and mutual respect for ourselves and others. We believe in resolving conflicts by every means short of exclusion from school. We understand the research that demonstrates exclusionary discipline can be ineffective and harmful.

The purpose of discipline must be to understand and address the harm caused, while teaching new skills and repairing the harm done, restore relationships and reintegrate students into the school community. In every case of student misconduct for which suspension or expulsion may be considered, a Principal shall exercise discretion in deciding the consequence(s) for the offense while ensuring opportunities for student to remain engaged in learning while maintaining the safety of the school community. The District will make every reasonable effort to support students in learning the skills necessary to enhance a positive school environment and avoid future harm.

Please reference the amended language of M.G.L. c. 71, s. 37H ¾, effective 11/08/2022, as described more fully in the Principal's Hearing Procedures section on page J85.

Tiered Interventions and Consequences

We believe that student discipline practices work best when they are instructive, not punitive, and that the purpose of discipline must be to understand and address the causes of behavior to resolve conflicts, while teaching new skills and repairing the harm done in order to restore relationships and rebuild community.

Our approach is based upon a framework of progressive responses. There should be a gradient of interventions and consequences that range in severity proportional to the behavior, while also addressing the need for restoration and skill building at every level. While some

behaviors may warrant exclusionary disciplinary, the aim should always be to prioritize minimizing the length of time a student is out of the learning environment.

Further, we believe that intervention is most effective when the educator working most directly with students intervenes in the way they believe will most effectively support the student.

Below is a description of different levels of intervention offered and parties involved:

- Level 1 interventions should be implemented by the teacher working most closely with the student.
- Level 2 interventions include teacher, student, and parent/guardian.
- Level 3 interventions involve teacher, student, parent/guardian, and support staff. Often times, Level 3 interventions will involve specialized training and expertise from support staff such as a guidance counselor, school psychologist, or Board Certified Behavior Analyst (BCBA), to name a few.
- Level 4 interventions include the addition of an administrator as these interventions typically require an increased level of authority.
- Interventions at Level 5 involve administrative level referral and the potential for exclusion from school.

In every case the Principal or designee shall determine the appropriate intervention or consequence based on the specific facts and circumstances. For specifics on the types of intervention strategies and responses to specific behaviors, please refer to Appendix B.

In accordance with the Public Schools of Brookline Wellness Policy (effective July 1, 2018), teachers and other school personnel will not use physical activity or withhold opportunities for physical education or activity (e.g., recess) as consequence. The denial of recess will not be used as a punishment or discipline unless the student's removal from recess has been determined as appropriate by the school Principal and communicated with the parent.

Please reference the amended language of M.G.L. c. 71, s. 37H ³/₄, effective 11/08/2022, as described more fully in the Principal's Hearing Procedures section on page J85.

Investigations of Disciplinary Incidents

Upon notification of a report of a disciplinary offense the Principal shall promptly; (1) notify the parents of the involved students within the confines of student confidentiality protections as outlined by the Massachusetts student record regulations and/or FERPA, and (2) review submitted incident report, and (3) conduct and conclude an investigation within five (5) school days, unless circumstances, such as witness availability, require a longer period. If a longer period is required to complete an investigation, all impacted parents will be notified.

The details of the PSB's procedures pertaining to reports of disciplinary violations are set out in the PSB's disciplinary procedures and supporting templates.

If the report of a conduct violation involves student(s) from another school, the Principal shall promptly notify the appropriate administrator of the other school so that both may take appropriate action. In that instance, the administrators shall agree on which one should supervise the investigation.

Confidentiality shall be used to the greatest extent permitted by law to protect a person who reports disciplinary offense or retaliation, who provides information during an investigation, or who is a witness.

The Principal shall document and maintain a file of all reports of disciplinary and subsequent investigations, and disciplinary determinations. A quarterly report shall be provided to the Superintendent.

The Superintendent shall inform the School Committee periodically of any trends or implications of these reports in order to give the School Committee the opportunity to review and amend this policy. No such report by the Superintendent shall convey information about specific identifiable students.

Students may be subject to discipline for violations even if that conduct occurs on property not owned or controlled by the district, or outside of school hours. This is if the conduct is connected to activities or incidents that have occurred on property owned, or controlled by, the district or conduct that affects that school environment.

Role of Brookline Police Department

Our schools strive to only involve law enforcement for educational and supportive purposes. The Brookline Police Department (BPD), through its School Resource Officers (SROs), offers educational programming to our students as well as behavioral health and de-escalation support for students in crisis. At times, situations may necessitate the involvement of the Brookline Police Department for other purposes. At any point after receiving a report of an incident, the Principal shall immediately notify the BPD if there is a reasonable basis to believe that criminal charges may be pursued or if the conduct is reasonably believed to put persons at risk of harm, including the student in question. Such notification will be made after consultation with the Superintendent. The Principal shall document the reasons for the decision to notify law enforcement if such notification is made.

This District seeks to avoid the unnecessary criminalization of our students; as such, police will be involved in situations when it is reasonably believed to be necessary to protect the physical safety of students, staff, or other persons in the community, or appropriate to address criminal behavior of persons other than students.

Academic Progress

Any student who is suspended, expelled, or removed on an emergency basis shall have the opportunity to earn credits and make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her removal from the classroom or school.

The Principal shall develop a school-wide education service plan describing the education services that the school district will make available to students who are expelled or suspended from school for more than ten (10) consecutive days. The plan shall include the process for notifying such students and their parents of the services and arranging such services. Education services shall be based on, and be provided in a manner consistent

with, the academic standards and curriculum frameworks established for all students under the law.

Any student who is given a long-term suspension or expulsion shall have an opportunity, through the school-wide education service plan, to receive education services and make academic progress toward meeting state and local requirements.

For each student who is given a long-term suspension or expulsion, whether in-school or out-of-school, the school district shall document the student's enrollment in education services. For data reporting purposes, the school shall track and report attendance, academic progress, and such other data as directed by the Department of Elementary and Secondary Education.

In addition to the provisions detailed above, students with disabilities are afforded all the protections relating to discipline to which they are entitled under applicable law, including but not limited to, Individuals with Disabilities in Education Act (IDEA), 20 U.S.C. § 1415(k), and implementing regulations, 34 CFR 300.530-537, the Rehabilitation Act, Section 504, and the Massachusetts special education law, Massachusetts General Laws Chapter 71B, and implementing regulations, 603 CMR 28.

Students with Disabilities

The Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act provide eligible students with certain procedural rights and protections in addition to those given to their general education peers in the context of student discipline. These protections are to prevent interruptions of their educational placement and receipt of mandated services.

When a student with a disability displays inappropriate behavior which may be a violation of the code of conduct this may indicate a need for an immediate IEP and/or 504 team meeting with a discussion of behavioral supports which should be included in the child's IEP and/or 504 Plan. This is especially true when the student displays inappropriate behavior on a regular basis or when the behavioral incidents may result in suspensions or other disciplinary measures that exclude the student from accessing curriculum.

If a student displays inappropriate behavior despite having an IEP and/or 504 Plan that includes behavioral supports, this may indicate that the behavioral supports in the IEP and/or 504 Plan are not being appropriately implemented, or that the behavioral supports in the IEP and/or 504 Plan are not appropriate for the student.

In these situations, the IEP and/or 504 Team shall meet to determine whether the current IEP and/or 504 should be amended to ensure that the interventions and supports in the IEP and/or 504 can be implemented, or whether the behavioral interventions and supports that are currently in place should be revised.

If a student with a disability is attending a school outside the PSB system pursuant to an out-of-district placement, that student shall be subject to the out-of-district school's discipline policies during their attendance and not to the discipline policies of the PSB.

Non-Discrimination/Civil Rights and Bullying

School district staff responsible for implementing this policy shall do so without discrimination based on ethnicity, race, color, religion, national origin, ancestry, gender identity, sexual orientation, age, or disability¹.

Student misconduct may violate not only a school's code of conduct, but also (1) one or more federal civil rights statutes, including Title VI (discrimination on the basis of race, color, or national origin), Title IX (discrimination on the basis of sex), or Section 504 (discrimination on the basis of disability), and analogous Massachusetts statutes and/or (2) Massachusetts statutes which prohibit bullying and hazing.

Any misconduct alleging violations of Title VI/IX and disability statutes will be investigated in accordance with the *PSB Policy Against Discrimination, Sexual Harassment and Retaliation* (J40) Allegations of bullying behaviors, including cyber-bullying, will be investigated in accordance with the *PSB Bullying Prevention Policy* (J46). In all instances where violations are confirmed, discipline shall be administered in accordance with the standards and procedures set forth in this Policy.

Staff Training

Every school within the District shall make an appropriate annual allocation of professional development time to training in classroom management, conflict resolution, and non-punitive approaches to discipline in order to ensure that the disciplinary program in each school is effective and that relevant policies and procedures are equitably applied. In addition to behavioral supports for students with disabilities, it may also be necessary, and consistent with IDEA requirements, to provide training to school personnel which is appropriate to address the behavioral needs of students with disabilities.

Every school within the District shall determine a time and method to provide all staff with training regarding the District's Code of Conduct. Such training shall occur annually and, for employees hired after the school year begins, within a month of their employment.

Community Involvement

Meaningful parent, student, and community involvement in the creation and application of school and district policy is essential for building effective schools with positive and inclusive learning environments. As such, parents, students, and community members should have input in the development of discipline rules for their school and classrooms, subject to the requirements and limitations of applicable law. Ultimately the development of such rules is the sole responsibility of the schools' administrations and the school district.

Suspensions and Expulsions of Students

The use of measures that remove students from the classroom, such as in-school/out-of-school suspensions, expulsions, and referrals to alternative schools, should be minimized. These punitive measures may result in the loss of valuable instructional time, damage to relationships,

¹ MGL Chapter 76 Section 5

and should be reserved for infractions that cannot be appropriately or adequately addressed through other interventions and disciplinary responses. Please see Appendix C for more information.

Tobacco and Paraphernalia

It is unlawful for any person, including any student, enrolled in either primary or secondary public schools in Massachusetts, to use tobacco or any tobacco product on school grounds, within school buildings, school facilities, or on school buses, as indicated in M.G.L. c. 71, s. 2A. Possession or use of tobacco or any tobacco product including any tobacco delivery systems is a violation of the Code of Conduct.

The definition of “tobacco product” encompasses vaping devices, electronic tobacco/nicotine delivery products, and any component, part or accessory of a tobacco product or any item that has been modified for the purpose of vaporization or aerosolization. Students are not permitted to possess or use these products, even if they are empty or do not actually contain tobacco, on school grounds, within school buildings, school facilities, or on school buses. Examples of tobacco products include:

- Vaporizers
- Electronic Cigarettes
- Electronic Pipes

Additionally, in accordance with the Town of Brookline's Tobacco Control By-law, Article 8.23, students and school personnel are not permitted to smoke on school grounds and within 400 feet of any Brookline school building.

The District values the health and well-being of all of its students. Thus, if students are found in possession of tobacco and/or nicotine-related products, the Principal or designee will prioritize working with the student and parent/guardian to understand the cause of possession, educate all involved, and develop a plan for abuse prevention education, if deemed necessary. School responses can include a range of consequences, including but not limited to notification to and discussion with parent/guardian and student, exclusion from school, and referral to the Brookline Substance Abuse Prevention Program's Tobacco Education Program (TEP), for high school students. The TEP program consists of one education and assessment meeting with the student and a parent/guardian. Parents/guardians are given the option to sign their student up for additional sessions, and will be given information about additional resources.

Distribution of Policy

The District shall distribute a copy of this policy to all students and their parents in a language they can understand. It shall also be posted on the district website and be accessible in each school main office for parent/staff reference.

Reporting and Review

In order to ensure equitable implementation of this policy, the Office of Student Services shall keep records of all disciplinary actions, including relevant demographic data on students involved in any action reported under this policy. This data shall be regularly reviewed by the

Superintendent to provide constructive feedback on the policy and PSB practice, and a summary shall be made available to the School Committee

Appendix A - Code Implementation and Behavior Matrix

The purpose of this section is to support all educators, teachers in particular, in implementation of the Code. As you utilize this appendix, keep in mind the following principles set forth in the Code:

- We prioritize building positive relationships with students. All students need caring adults in their lives. All want to be a positive member of a community
- Relationships should be at the center of corrective action, with all other strategies seen as tangents. Rather than asking, “What’s the consequence that will fix the problem?” better to ask, “Is there a consequence that might be part of how we help this student?” This approach is especially important for the most vulnerable students; students with the most chaos and trauma in their lives - those who make us angriest - are the least likely to benefit from harsh punishments.¹
- We believe in preventive and positive corrective response and so seek to understand and address the causes of behavior to resolve conflicts while teaching new skills and repairing harm done, restore relationships, and reintegrate students into the school community.
- We believe in resolving conflicts by every means short of an exclusion from school.

There should be a gradient of interventions and consequences that range in severity proportional to the behavior, while also addressing the need for restoration and skill building at every level. While some behaviors may warrant exclusionary discipline, the aim should always be to prioritize minimizing the length of time a student is out of the learning environment.

Below is a description of different levels of intervention offered and parties involved:

- Level 1 interventions should be implemented by the teacher working most closely with the student.
- Level 2 interventions include teacher, student, and parent/guardian.
- Level 3 interventions involve teacher, student, parent/guardian, and support staff. Often times, Level 3 interventions will involve specialized training and expertise from support staff such as a guidance counselor, school psychologist, Board Certified Behavior Analyst (BCBA), or vice Principal to name a few.
- Level 4 interventions include the addition of an administrator as these interventions typically require an increased level of authority.
- Interventions at Level 5 involve administrative level referral and the potential for exclusion from school.

In every case the Principal shall determine the appropriate intervention or consequence based on the specific facts and circumstances.

¹ “Getting Consistent with Consequences”, <http://www.ascd.org/publications/educational-leadership/sept18/vol76/num01/Getting-Consistent-with-Consequences.aspx>

Relevant Factors in Making Discipline Decisions

When choosing consequences for students' misbehavior, teachers, administrators, and staff must consider the following factors:

- Age, health, and disability or special education status of the student;
- Relationship of academic performance and behavior;
- Student's prior conduct and record of behavior;
- Student's attitude;
- Student's willingness to repair the harm;
- Seriousness of the offense and the degree of harm caused; and
- Impact of the incident on overall school community

Intervention Levels

The list of response options is not exhaustive or exclusive. In every case, the teacher working most closely with student in collaboration with the Principal or designee shall determine the appropriate level of intervention based on the specific facts and circumstances.

Behavior Matrix

The matrix below is a guide for administrators when determining the appropriate level of intervention. Schools retain the right to determine the appropriate level of intervention based on the facts and circumstances of each case. Those working with student(s) should determine plan to monitor student response to interventions and when additional interventions are necessary. The list of behaviors is not exhaustive or exclusive. In every case, the teacher working most closely with student in collaboration with the Principal or designee shall determine the appropriate level of intervention based on the specific facts and circumstances.

Appendix B - Definitions

- **Detention:** The supervised retention of students beyond the regular school schedule when a teacher requests that the student show improvement of behavior resulting from violation of the school rules and/or student code of conduct.
- **Disciplinary offense:** any alleged or determined disciplinary infraction by a student,
 - **Section 37H offense** means conduct in the nature of that addressed by Massachusetts General Laws Chapter 71, Section 37H, which occurs on school premises or at school-sponsored or school-related events, including athletic contests, namely, (1) possession of a dangerous weapon (including, but not limited to, a gun or a knife), (2); possession of a controlled substance as defined in Massachusetts General Laws Chapter 94C (including, but not limited to, marijuana/cannabis, cocaine, or heroin), and (3) assault on a member of the educational staff.
 - **Section 37H ½ offense** means conduct in the nature of that addressed by Massachusetts General Laws Chapter 71, Section 37H ½, namely, conduct that is the subject of a felony charge or conviction or a felony delinquency charge or conviction if the Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school.
 - **Section 37H ¾ offense** means all conduct other than that specifically addressed by Massachusetts General Laws Chapter 71, §§ 37H and 37H ½, including, but not limited to, bullying, hazing, discrimination, and harassment .
- **Emergency removal** means the temporary removal of a student from school when student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the Principal's judgment, there is no alternative available to alleviate the danger or disruption. *See appropriate* Section below for specific criteria and procedures applicable to emergency removals. A temporary removal shall not exceed two school days (see the complete definition at CMR 53.07). Students with disabilities may be afforded additional rights.
- **Exclusionary Time-Out:** an intervention that should be reserved for use only when students are displaying behaviors which present, or potentially present, an unsafe or overly disruptive situation in the classroom. In such circumstances, the student may either ask to leave the classroom, or the student may be directed to a separate setting for the purpose of helping the student to calm. The space used for time-out must be clean, safe, sanitary, and appropriate for the purpose of calming. Unless it poses a safety risk, a staff member must be physically present with the student who is in an **exclusionary** time-out setting. If it is not safe for the staff member to be present with the student, the student may be left in the time-out setting with the door closed. However, in order to ensure that the student is receiving appropriate support, a school counselor or other behavioral support

professional must be immediately available outside of the time-out setting where the individual can continuously observe and communicate with the student as appropriate to determine when the student has calmed. Students must never be locked in a room. For students displaying self-injurious behavior, a staff member must be physically present in the same setting with the student. Exclusionary time-out must end when the student has calmed.

- **Expulsion:** the removal of a student from the school premises, regular classroom activities, and school activities for more than 90 school days, indefinitely, or permanently, as permitted under M.G.L. c. 71, § 37H or 37H1/2. Students with disabilities may be afforded additional rights.
- **Incident Report:** Any time a student is involved in behavior that requires the intervention of any additional staff, or is removed from the classroom, and at other times at the discretion of school administrator, an incident report will be completed and shared with the student's parents as soon as practicable. Students with disabilities may be afforded additional rights.
- **Inclusionary Time-Out:** when the student is removed from positive reinforcement or full participation in classroom activities while remaining in the classroom. The use of **inclusionary** time-out functions well as a behavior support strategy while allowing the student to remain fully aware of the learning activities of the classroom. **Inclusionary** time-out includes practices used by teachers as part of their classroom behavior support tools, such as "planned ignoring," asking students to put their heads down, or placing a student in a different location within the classroom (this does not include walled off "time-out" rooms located within the classroom; use of those is considered to be an **exclusionary** time-out -see *exclusionary time-out* definition). These strategies, used to reduce external stimuli in the student's environment while keeping the student physically present and involved in learning, have proven to be useful tools for classroom management.
- **In-school suspension:** removal of a student from regular classroom activities, but not from the school premises, for no more than ten (10) consecutive school days, or no more than ten (10) school days cumulatively for multiple infractions during the school year. Removal solely from participation in extracurricular activities or school-sponsored events, or both, shall not count as removal in calculating school days. In-school suspension for ten (10) days or less, consecutively or cumulatively during a school year, shall be considered a short-term suspension. If a student is placed in in-school suspension for more than ten days, consecutively or cumulatively during a school year, such suspension shall be deemed a long-term suspension for due process, appeal, and reporting purposes. Students with disabilities may be afforded additional rights.
- **Long-term suspension:** removal of a student from the school premises and regular classroom activities for more than ten consecutive school days, or for more than ten school days cumulatively for multiple disciplinary offenses in any school year. For Section 37H ³/₄ offenses, such suspensions shall be for no more than ninety (90) school days in any school year. Removal solely from

- participation in extracurricular activities or school-sponsored events, or both, shall not count as removal in calculating school days. No long-term suspension shall extend beyond the end of the school year in which such suspension is imposed.
- **Manifestation determination:** The district must conduct a manifestation determination if a student with a disability will be removed for more than 10 consecutive school days, or when multiple shorter suspensions for similar reasons add to ten days. The manifestation determination must determine if the conduct in question was "caused by, or had a direct and substantial relationship to, the child's disability...or was a direct result of [PSB's] failure to implement the IEP." Note that an "in-house" suspension may be considered a change in placement if it otherwise meets the criteria.
 - **Parent:** for the purposes of this policy, "parent" means a student's father, mother, or legal guardian, or person or agency legally authorized to act on behalf of the student in place of or in conjunction with the father, mother, or legal guardian.
 - **Positive Behavior Interventions and Supports (PBIS):** a set of ideas and tools that schools use to improve the behavior of students. PBIS uses evidence and data-based programs, practices and strategies to frame behavioral improvement in terms of student growth in academic performance, safety, behavior, and establishing and maintaining positive school culture. PBIS addresses the needs of at-risk students as well as the multi-leveled needs of all students in regards to behavior, which creates an environment for both teaching and learning to occur in schools
 - **Restorative Practices:** a set of formal and informal responses to harms large and small after they occur. In keeping with restorative practices' respect for human dignity, participation in any restorative practice must entirely voluntary. The fundamental premise of restorative practices is that people are happier, more cooperative and productive, and more likely to make positive changes when those in authority do things with them rather than to them or for them. Restorative Justice asks three questions: 1) What was the harm caused to both the individual and the community? 2) Who is responsible for causing the harm and making things right? 3) How can the harm be repaired and relationships restored to the greatest extent possible? Restorative practices focus on how to build connection between individuals and achieve social discipline through participatory learning and decision-making. The use of restorative practices in schools helps to improve human behavior, develop and maintain relationships, explore learning opportunities, and teach leadership and personal accountability.
 - **Time-Out:** See *inclusionary time-out* and *exclusionary time-out*.
 - **Tobacco Product:** A product containing, made or derived from tobacco or nicotine that is intended for human consumption, whether smoked, chewed, absorbed, dissolved, inhaled, snorted, sniffed or ingested by any other means including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff, electronic cigarettes, electronic cigars, electronic pipes, electronic nicotine delivery systems or any other similar products that rely on vaporization

- or aerosolization; provided, however, that “tobacco product” shall also include any component, part or accessory of a tobacco product; and provided further, that “tobacco product” shall not include a product that has been approved by the United States Food and Drug Administration for the sale of or use as a tobacco cessation product and is marketed and sold exclusively for the approved purpose.
- **School Wide Education Service Plan:** the document developed by a Principal, in accordance with Massachusetts General Laws Chapter 76, Section 21, which includes a list of education services available to students who are expelled or who are suspended from school for more than ten (10) consecutive days.
 - **Short-term suspension:** the removal of a student from the school premises and regular classroom activities for ten consecutive school days or less. Removal solely from participation in extracurricular activities or school-sponsored events, or both, shall not count as removal in calculating school days.

Appendix C - Suspensions and Expulsions of Students

The use of measures that remove students from the classroom, such as in-school/out-of-school suspensions, expulsions, and referrals to alternative schools, should be minimized. These punitive measures may result in the loss of valuable instructional time, damage to relationships, and should be reserved for infractions that cannot be appropriately or adequately addressed through other interventions and disciplinary responses.

Disciplinary offense under M.G.L. c. 71, § 37H or 37H½ means one or more of the following alleged or determined disciplinary infractions:

- (a) possession of a dangerous weapon;
- (b) possession of a controlled substance (including, but not limited to, marijuana/cannabis, cocaine, or heroin);
- (c) assault on a member of the educational staff; and
- (d) a felony charge or felony delinquency complaint or conviction, or adjudication or admission of guilt with respect to such felony, if a Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school, as provided in M.G.L. c. 71, § 37H or 37H½.

1. Section 37H Offense Procedures (Expulsions and Suspensions)

- a. Except in cases of emergency removal, the following procedures shall be used. Students are entitled to constitutional due process and to the procedural protections set forth in Section 37H.
 - 1. Notice Procedures: Prior to suspending or expelling a student on the basis of a Section 37H offense, the student and parent must be notified orally and in writing of:
 - a. the charge(s);
 - b. the basis for the charge(s);
 - c. the opportunity for a hearing before the Principal
 - d. the opportunity at the Principal's hearing to receive an explanation of the evidence, an opportunity to explain the circumstances and/or dispute the charge(s), and an opportunity to present information, including mitigating facts, that the Principal should consider;
 - e. the right to counsel at his/her expense at the Principal's hearing; and
 - f. the right to present witnesses and evidence at the Principal's hearing.

The Principal shall provide oral and written notice in English and in the primary language of the home if other than English, or other means of communication where appropriate.

- b. Principal's Hearing Procedures: Disciplinary hearings regarding an alleged Section 37H offense shall be conducted in a manner that affords students all of the procedural protections outlined above ("Notice"). Students and parents have the right to interpreter services at the hearing if needed to participate. In addition, with regard to contemplated long-term suspensions students have the following additional rights:
 - 1. the right to review the student's record and the documents upon which the Principal may rely;
 - 2. the right to confront and cross-examine witnesses against him/her; and
 - 3. the right to a recording of the hearing.
- c. Consequences: After said hearing, the Principal may, in his/her discretion, decide to suspend or expel a student who has been determined to have committed a Section 37H offense, subject to this Policy.
- d. Notification of Principal's Decision:
 - 1. Determinations of Short-Term Suspension
The Principal shall notify the student and parent of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period of removal (see Section H below.) The determination shall be in writing and may be in the form of an update to the original written notice.
 - 2. Determinations of Long-Term Suspension or Expulsion
The Principal shall send a written determination to the student and parent by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or other method of delivery agreed to by the Principal and the parent. If the Principal decides to suspend the student, the written determination shall:
 - a. Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
 - b. Set out the key facts and conclusions reached by the Principal;
 - c. Identify the length and effective date of the suspension, as well as a date of return to school;
 - d. Include notice of the student's opportunity to receive education services to make academic progress during the period of removal from school. The notice shall include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information. The notice shall be made in both English and in the primary language spoken in the student's home if other than English, or other means of communication where appropriate;

- e. In the event the Principal has expelled a student, inform the student of the right to appeal the Principal's decision to the Superintendent. Notice of the right of appeal shall be in English and the primary language of the home if other than English, or other means of communication where appropriate, and shall include the following information stated in plain language:
 - the process for appealing the decision, including that the student or parent must file a written notice of appeal with the Superintendent within ten days of the expulsion.
- e. Appeal to Superintendent (Expulsions Only): Any student who has been expelled from the PSB pursuant to these provisions shall have the right to appeal to the Superintendent, however, any expulsion shall remain in effect unless and until the Superintendent decides to reverse the Principal's determination on appeal:
 1. The expelled student shall have ten (10) days from the date of expulsion in which to notify the Superintendent of his/her appeal. The appeal hearing shall take place within a reasonable time following receipt of the notice of appeal.
 2. The student shall have the right to counsel at the hearing
 3. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of Section 37H.
 4. The Superintendent shall issue a written decision within five (5) calendar days of the hearing that is as described with respect to Principals' written determinations regarding long-term suspensions and expulsions above. If translation of the decision into the primary language spoken in the student's home is required, such translation shall be provided as soon as reasonably possible, but shall not be subject to the 5 calendar day deadline. The decision of the Superintendent shall be the final decision of the school district.

2. Section 37H ½ Offense Procedures (Expulsions and All Suspensions)

- a. Except in cases of emergency removal, the following procedures shall be used. Students are entitled to constitutional due process and to the procedural protections set forth in Section 37H ½
 1. Notice Procedures: Prior to suspending or expelling a student on the basis of a
 - a. Section 37H ½ charge, the student must be notified orally and in writing of:

- The student has the right to present oral and written testimony at the appeal hearing.
- The Superintendent shall issue a written decision within five (5) calendar days of the hearing that is as described with respect to Principals' written determinations regarding long-term suspensions and expulsions above. If translation of the decision into the primary language spoken in the student's home is required, such translation shall be provided as soon as reasonably possible, but shall not be subject to the 5 calendar day deadline. The Superintendent may overturn or alter the decision, including recommending an alternate education program. The decision of the Superintendent shall be the final decision of the school district.

3. Section 37H $\frac{3}{4}$ Offense Procedures for All Suspensions EXCEPT In-School Suspensions of 10 Days or Fewer

a. Except in cases of emergency removal, the following procedures shall be used.

- i. Notice Procedures: A Principal shall provide both oral and written notice to the student and the parent in English and in the primary language of the home if other than English, or other means of communication where appropriate. Written notice to the parent may be made by hand delivery, first-class mail, certified mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the Principal and parent. The notice shall set forth in plain language:
 1. the disciplinary offense;
 2. the basis for the charge;
 3. the potential consequences, including the potential length of the student's suspension;
 4. that a hearing will be held to afford the student the opportunity to dispute the charges and to present the student's explanation of the alleged incident, and that the parent/guardian may attend and participate in the hearing;
 5. the date, time, and location of the hearing;
 6. the right of the student and the student's parent to interpreter services at the hearing if needed to participate;

The Principal shall make reasonable efforts to notify the parent orally of the opportunity to attend the hearing. To conduct a hearing without the parent present, the Principal must be able to document reasonable efforts to include the parent. The Principal is presumed to have made reasonable efforts if the Principal has sent written notice and has documented at least two attempts to contact the parent in the manner specified by the parent for emergency notification.

- Contemplated Short-Term Suspensions

 - (3) The Principal shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the Principal should consider in determining consequences for the student.
- Any principal, head of school, superintendent, or person acting as a decision-maker at a student meeting or hearing, when deciding the consequences for the student, shall consider ways to re-engage the student in the learning process: and shall not suspend or expel a student until alternative remedies have been employed and their use and results documented, following and in direct response to a specific incident or incidents, unless specific reasons are documented as to why such alternative remedies are unsuitable or counter-productive, and in cases where the student's continued presence in school would pose a specific, documentable concern about the infliction of serious bodily injury or other serious harm upon another person while in school. Alternative remedies may include, but shall not be limited to: (i) mediation; (ii) conflict resolution; (iii) restorative justice; and (iv) collaborative problem solving. The principal, head of school, superintendent or person acting as a decision-maker shall also implement school- or district-wide models to re-engage students in the learning process which

shall include but not be limited to: (i) positive behavioral interventions and supports models and (ii) trauma sensitive learning models; provided, however that school- or district-wide models shall not be considered a direct response to a specific incident.”⁴

The student shall have all of the rights enumerated in Section b above (“Short-Term Suspensions”). In addition, the student shall be afforded the following protections:

(1) In advance of the hearing, the opportunity to review the student's record and the documents upon which the Principal may rely in making a determination to suspend the student or not;

(2) The right to be represented by counsel or a lay person of the student's choice, at the student's/parent's expense;

(3) The right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be

compelled to do so;

(4) The right to cross-examine witnesses presented by the school district;

(5) The right to request that the hearing be recorded by the Principal, and to receive a copy of the audio recording which will be provided to the student or parent upon request. If the student or parent requests an audio recording, the Principal shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent upon request.

c. Consequences: After said hearing, based on the available information (including mitigating circumstances), and subject above, the Principal may decide to suspend a student who has been determined to have committed a Section 37H ³/₄ offense.

- the suspension will remain in effect unless and until the Superintendent decides to reverse the Principal's determination on appeal.

(2) If the student is in a public preschool program or in grades K through 3, the Principal shall, before the suspension takes effect, send a copy of the written determination to the Superintendent and explain the reasons for imposing an out-of-school suspension.

- e. Appeal to Superintendent (Long-term Suspension Only): Any student who has been placed on long-term suspension or expelled from the PSB pursuant to these provisions shall have the right to appeal to the Superintendent; however, the student's suspension or expulsion shall remain in effect pending the appeal.
- i. *Time to File Appeal*. The student or parent shall file a notice of appeal with the Superintendent within five calendar days of the effective date of the long-term suspension; provided that within the five calendar days, the student or parent may request and receive from the Superintendent an extension of time for filing the written notice for up to seven additional calendar days. If the appeal is not timely filed, the Superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.
 - ii. *Time for Superintendent's Appeal Hearing*. The Superintendent shall hold the hearing within three school days of the student's request, unless the student or parent requests an extension of up to seven additional calendar days, in which case the Superintendent shall grant the extension.
 - iii. *Superintendent's Written Notice of Appeal Hearing and Good Faith Effort to Accommodate parent's Schedule*. The Superintendent shall make a good faith effort to include the parent in the hearing. The Superintendent shall send written notice to the parent of the date, time, and location of the hearing.
 - iv. *Appeal Hearing/Audio Recording*. The Superintendent shall conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence shall be. The Superintendent shall arrange for an audio recording of the hearing, a copy of which shall be provided to the student or parent upon request. The Superintendent shall inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent upon request.

v. *Student Rights.* The student shall have all the rights afforded the student at the Principal's hearing for long-term suspensions under section b, above. The student must request an appeal in writing no later than 5 calendar days following the effective date of the suspension/expulsion.

- The procedures applicable to Principal's hearings for contemplated expulsions or long-term suspensions are applicable to the Superintendent's appeal hearing.
- The student has the right to counsel at his/her own expense at the appeal hearing.

The Superintendent shall issue a written decision within five (5) calendar days of the hearing that is as described with respect to Principals' written determinations regarding long-term suspensions and expulsions above. If translation of the decision into the primary language spoken in the student's home is required, such translation shall be provided as soon as reasonably possible, but shall not be subject to the 5 calendar day deadline. f. Finality: The decision of the Superintendent shall be the final decision of the school district.

4. Emergency Removal (All Offenses)

- A Principal may remove a student from school temporarily when a student is charged with a disciplinary offense and, in the Principal's judgment, the continued presence of the student in school would have a substantial detrimental effect on the general welfare of the school (in 37H and 37H ½ offenses) or poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the Principal's

judgment, there is no alternative available to alleviate the danger or disruption (in 37H $\frac{3}{4}$ offenses). The Principal may take this step only after adequate provisions have been made for the student's safety and transportation.

- Principal shall immediately notify the Superintendent in writing of the removal including a description of the danger or disruption presented by the student.
- The temporary removal shall not exceed two (2) school days following the day of the emergency removal, during which time the Principal shall:

 - (d) Render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements of 603 CMR 53.08(2)(c) and (d) or (3)(c) and (d), as applicable. If translation of the decision into the primary language spoken in the student's home is required, such translation shall be provided as soon as reasonably possible, but shall not be subject to the applicable deadline for written decision.

SECTION J STUDENTS

9. (JQ) Student Fees, Fines, and Charges (Voted 7/11/16, #16-54)

Educational Equity is a core value of the PSB:

The Public Schools of Brookline are committed to identifying and eliminating barriers to educational achievement in our schools. To this end, we create policies and practices that are fair and just and provide educational opportunities to ensure that every student, regardless of race, color, religion, gender, sexual orientation, marital status, age, national origin, disability, or economic status, meets our standards for achievement, participation, and growth.

In fulfillment of this value, this policy on student fees, fines, and charges commits the PSB to the following:

- Regardless of financial means, all PSB students shall have access to all educational books, materials, and other education-related opportunities;
- The PSB will engage in responsible financial management and practices to ensure the above can be made possible;
- The financial operations of the district will be transparent in order to ensure accountability to these commitments; and
- All students and families are treated with dignity in all discussion or disclosure of confidential information.

I. Establishing Fees

The School Committee reserves the right to establish fees for participation in certain activities and programs. Examples include, but are not limited to, community education, Brookline Early Education Program (BEEP), Summer School, and athletics.

II. Collection of Fees, Fines, and Charges

A. Central Collection

This policy authorizes a centralized revenue collection and recording system for administration (charging and collecting) of Fees, Fines, and Charges. Such a system should provide efficiencies and transparency for parents and the community. Faculty and staff (e.g., departments, clubs, student organizations) shall use this system for administration of all fees, fines, and charges.

B. Non-Payment

For fee-based activities, the School Committee expects that all fees will be paid in advance of participation unless the payor has been qualified for financial assistance by the Office of Administration and Finance pursuant to the policy on financial assistance.

If payment of any fee, fine, or charge is not received and the payor has been noticed in writing of the amount(s) due, the Superintendent or his/her designee may take one or more of the following actions, unless or until prohibited by state law or regulation:

1. Prohibit participation of the student in the relevant program.
2. Prohibit participation of the student or other students in the student's household from participating in any future fee-based program until or unless outstanding balances are resolved.

POLICY MANUAL OF THE PUBLIC SCHOOLS OF BROOKLINE

SECTION J STUDENTS

11. Student Yearbook Policy (Voted 1/7/21, #21-6)

The Public Schools of Brookline (PSB) support the publication of yearbooks to honor and promote the best interests of our students, staff, administrators, educators, families, friends, and caregivers. Yearbooks present an opportunity to reflect and memorialize the learning experiences and growth of our school communities. They serve as a permanent testament to our students' inclusion and participation in school activities.

I. Inclusion:

1. All students enrolled in a PSB school at any time during an academic year shall by default be included in the school yearbook for that school if one is published for their grade or program. Inclusion for purposes of this section is defined as the student's name and picture (if available).
 - A. Exceptions:
 - (i) Parents and guardians of non-emancipated minors may opt out of yearbooks on behalf of their children, in writing.
 - (ii) Emancipated minors and students aged 18 or older may opt out of yearbooks, in writing.
 - (iii) The PSB shall comply with any court orders preventing or restricting publication of a student's name, picture(s), and other identifying information.
 - (iv) Students who enroll for the first time at a school after the school's yearbook is submitted for publication may be excluded from that yearbook.
2. If any of the above parties expresses verbal desire to a PSB educator, Yearbook Advisor, or administrator to opt-out, they will be instructed on how and to whom to submit a timely written opt-out.
3. Opt-outs shall be communicated in writing to both the school principal and the Deputy Superintendent for Student Services. The opt-out must be specific to the particular yearbook publication. It is not sufficient to have previously opted out either generally or specifically from other school publications or disseminations.
4. Opt-outs do not require justification of any decision to opt out.
5. Opt-outs may be for excluding pictures of the student only, or for excluding both pictures and student names. Opt-out language should be precise in order to ensure compliance with the specific request.

6. The Deputy Superintendent for Student Services shall promulgate procedures to ensure that yearbook editors receive training, and access to information necessary for compliance with this policy.

II. Content:

1. Yearbooks shall endeavor to accurately portray the personalities of the students, staff, and other community members depicted. Personal photographic and narrative/quote submissions, if included in a yearbook, shall be true to the individual's submission.
 - A. Exceptions:
 - (i) No material, opinions or otherwise, shall be printed which is lewd, libelous, personally insulting toward another member of the community, advocates an illegal activity, promotes discord or violence, constitutes a copyright infringement, or lacks informed written consent of depicted identifiable individuals. The editor of the yearbook shall reasonably exercise discretion in enforcing this provision, subject to First Amendment rights. The Deputy Superintendent for Student Services shall designate an adult staffer as the final authority on the exercise of this discretion.
2. All students who receive support through an IEP or 504 Plan shall be provided with that same support for photographic selections and generation of any text related to a school yearbook (e.g., personal quote, sentence, etc.).
3. Any planned material exclusion or modification of a student's personal yearbook submission shall be first communicated to that student and the parent(s), guardian(s), or caretaker(s) of that student a sufficient time prior to publication of the yearbook to ensure that student the opportunity to either cure the reported issue(s), or appeal the editor's determination to the Deputy Superintendent for Student Services.
4. Photographs violating school policies may be subject to investigation for disciplinary action.
5. Final copy of the yearbook shall be cross-checked with both class lists and opt-out lists to ensure accuracy by two adults prior to submission for publication. The class lists used to generate yearbooks shall be retained by the district for one year after distribution of the book.

III. Proprietary considerations:

1. All photos shall become a public record upon publication of the yearbook. Submitted photos will remain copyrights of the original photographer.
2. The Deputy Superintendent for Student Services shall designate an adult staffer as the final authority on the contents of each yearbook. In consultation with this designee, the yearbook staff, as directed by the yearbook editor, reserves the right to edit, retouch, crop, or resize any photos submitted without permission, notification, or approval.

IV. Equity:

1. All students within a grade level at each school that publishes a yearbook must be offered the same base level of opportunities for appearance in that yearbook. For example, if a yearbook editor invites students in a particular grade level to submit one personal photograph and up to 50 words, then all students in that grade level at that school must be invited to submit one personal photograph and up to 50 words, irrespective of homeroom, percentage of time spent in the school building, at home, other facility, or outside program, number of years in that grade level, or number of days as a student at that school.
2. Students who transfer between PSB schools within a school year shall be included in the yearbooks of both schools unless the students opt out in writing from one or the other.
3. Registered PSB students out of school who are being provided with services or tutoring by PSB should be offered the opportunity to be represented in the yearbook of their neighborhood school.
4. If a student does not respond by the deadline to a yearbook submission request, the teacher shall both remind the student and contact that student's parent(s), guardian(s), or caretaker(s) about yearbook inclusion. If the school is unsuccessful in reaching the parent/guardian/caretaker, or if the parent/guardian/caretaker does not comply with the opt-out provisions of the PSB Yearbook Policy within a reasonable time period prior to publication, then the editor shall publish the student's name and include the official yearbook headshot of that student, if available.

SECTION J STUDENTS

12. Personal Electronic Device Policy (Voted 4/10/25, #25-67)

The Public Schools of Brookline (PSB) strives to create a positive learning environment where students can focus on their academic and social development. This policy describes guidelines for the management and use of personal electronic devices by students at school.

A personal electronic device (PED) is a wireless and/or portable piece of technology that is capable of storing, processing, or transmitting information. These devices include, but are not limited to, smart phones and watches, laptops, tablets, earbuds, headphones, and audio-visual recording devices, such as cameras.

Grades K-8

PSB will follow an “Off and Away” approach wherein all PEDs are locked and stored for the duration of the school day. The school day is defined as the beginning of the school day until the end of the school day, including all classes, specials, homeroom, lunch, recess, and transitions. The school day also includes school assemblies and field trips.

Exceptions to this approach will be made for (a) students whose IEP or 504 plan requires the use of PEDs; (b) students who have received documented permission from a teacher for use of a PED in the teacher’s classroom for educational purposes; and (c) the use of Chromebooks and Google Apps for Education.

Schools may implement an “Off and Away” approach in the manner of their choosing. This may include the use of locked pouches or other storage devices for PEDs, or the requirement that students store their PEDs in lockers or backpacks. PSB is not responsible for damaged PEDs.

If a child needs to contact their parent/caregiver or other adults during the day, they must report to their school’s main office to do so.

Illustrative Consequences

- First offense: The PED will be confiscated for the remainder of the school day. The PED will be held by the classroom teacher (K-5) or turned into the main office (6-8). The PED will be returned to the student at the end of the day or to their parent(s)/caregiver(s) upon request. Teachers (K-5) or the office (6-8) will document the infraction to the student’s parent(s)/caregiver(s).
- Second offense: The PED will be confiscated for the remainder of the school day. The main office will document the infraction to the student’s parent(s)/caregiver(s). The PED will be returned to the parent(s)/caregiver(s) at the designated pick-up time. A meeting may be arranged between the teacher, student, and parent(s)/caregiver(s) to discuss responsible PED use.

- Third offense: The student will drop off the PED at the main office at the beginning of each day and collect it at the end of each day for at least one month OR a parent/caregiver will sign an agreement that the student will keep their PED(s) at home. A meeting will be arranged between the principal, student, and parent(s)/caregiver(s) to discuss further consequences, which may include after-school detention or other disciplinary actions.

Grades 9-12

BHS will follow a “Limited Use” approach wherein PEDs will be off and stored out of sight during instructional periods but may be used at designated times and in specific areas otherwise.

PEDs are prohibited from use in classrooms. Exceptions will be made for (a) students whose IEP or 504 plan requires the use of PEDs; (b) students who have received documented permission from a teacher for use of a PED in the teacher’s classroom for educational purposes; and (c) the use of school- or class-approved PEDs for educational purposes.

Teachers may require students to put PEDs in a caddy or to stow them in a backpack. Teachers should state clear classroom expectations about PEDs and consequences for use in class.

Students may use PEDs in public spaces during passing time or during free blocks so long as they are used silently and are otherwise not disruptive or disturbing to others.
